INDIANA TO BE IN FIRST DRAFT

Secretary Baker Today Orders Military Forces to be Rushed to Border at Once

FAST AS THEY'RE EQUIPPED

New York Will be First and Indiana, Illinois and Wisconsin Will Follow Closely

TWO TROOPS ANNIHILATED

Report at El Paso Says Carranzistas Set Trap for U. S. Soldiers in Carrizal Battle

(By United Press.)

Washington, June 23.—Secretary of War Baker today issued orders to every department commander to send his military forces to the border as rapidly as he can equip them. The first state troops to move under such order probably will be from New York. Other state militia likely to follow closely are Indiana, Illinois and Wisconsin.

A high official said this afternoon he did not believe any of the forces could start before Monday.

The order to the department commanders now already in the hands of many of the state militia heads directs them not to delay departure because of the shortage of field transportation, which includes horses, mules, wagons and auto trucks. The militia men are to move to points designated by General Funston in regiments, battalions or other separate organizations as soon as they are "reasonably" ready, according to the orders.

DISTRIBUTION OF NEW FORCES TO BE KEPT SECRET

(By United Press.)

San Antonio, Texas, June 23.—Plans for distribution of the state militia along the border probably will not be made public until the various units have arrived at their stations, General Funston indicated today. Perhaps their exact location will not be divulged even then as Funston does not wish the Mexican military officials to know just what his strength will be and how it is to be distributed.

BANDITS REPORTED TO HAVE INVADDED U. S. TODAY

(By United Press.)

Columbus, N. M., June 23.—Mexican bandits are today reported to have invaded the United States fifty miles west of here. A report stated they were running off horses from

Parker's ranch in Playas valley, southwest of Hachita, New Mexico. Loss of life and fighting were not mentioned. (Deleted by censor.)

TROOPS C AND K OF 10TH ARE TRAPPED AT CARRIZAL

(By United Press.)

El Paso, Texas, June 23.—Reports received today by the American Mining company from Mexican sources stated that Troops C and K of the Tenth United States cavalry were practically annihilated in the fighting at Carrizal, when led onto the Carranzista trap. There is no official confirmation of this. Five car loads of lumber belonging to the Madera company, a British firm, were destroyed by fire in Juarez today. Incendiaries are suspected.

WATCHFUL WAITING

(By United Press.)

Washington, June 23.—A report from General Pershing containing the story of the Carrizal fight between Americans and Carranzistas based solely on the information of returning Tenth cavalry men was in the war department's hands today. Its contents were characterized as confirming press reports of cavalrymen's stories in most particulars, but officials said they could not rely entirely upon it as proving that the attack was unprovoked, with the Mexicans entirely the aggressors.

Watchful waiting was invoked anew by the administration today in the Mexican problem. Help in framing this government's course—presumably diplomatic but possibly stronger—was anticipated in a preliminary report to General Pershing on the Carrizal battle.

Meantime war department activity centered in getting militia troops ready for border service. Ten thousand men, gathered from the central and western departments, will leave as soon as they can be prepared. Probably this will be in a very few days.

The administration's position up to noon today tended to class the Carrizal incident with the now forgotten Parral clash and more recent attack upon American sailors at Mazatlan.

MEXICANS EVACUATE TOWN OF CASAS GRANDES

(By United Press.)

San Antonio, Texas, June 23.—General Pershing wired General Funston today that the Mexican garrison had evacuated Casas Grandes. He made no mention of having occupied the city. Funston was inclined to doubt press reports that Pershing had declared martial law in that city and Casas Grandes saying he believed Pershing would

ASKS ALIMONY OF \$500

Martha Easley Brings Suit For Divorce From Henry Easley

Martha Easley has filed suit for divorce from Henry Easley, alleging cruel and inhuman treatment. She alleges that he is quarrelsome and ill-natured and was a constant user of profane language and frequently cursed her and the children. She set out that he abandoned her in April, leaving her without means of support. Mrs. Easley asks for the custody of their six children, \$500 alimony and five dollars a week for support. Chauncey Duncan represents Mrs. Easley.

WILL HEAR ROAR OF PACIFIC OCEAN

George Davis Will Attend Banquet When Each Guest Will Have Phone "Hitched" to the Coast.

RICHMOND "12-6" CLUB HOST

George Davis, general manager of the Rushville Co-operative Telephone company, will have an opportunity to hear the roar of the Pacific ocean next Tuesday night when he attends the banquet of the "12-6" Club at Richmond, to which he has been invited. It will be a telephone reunion at which each of the 300 banqueters will have a telephone receiver connected up with long distance.

Los Angeles, California will be connected with the banquet room and greetings will be exchanged. Frank Wiggins, formerly of Richmond, now superintendent of the Los Angeles Chamber of Commerce, will preside at the Los Angeles end of the wire, where fifty or more former Richmond citizens will meet.

Afterwards the long distance will be hooked up with the famous Cliff House at San Francisco so that the guests may hear the roar of the ocean waves.

TO DETERMINE ITS ATTITUDE ON WAR

U. R. K. of P. Officials to Meet in Indianapolis, May Offer Services to Country.

GEN. TRABUE WILL ATTEND

Adjutant General Samuel L. Trabue has received a letter from General William B. Gray of Covington, asking him to attend a conference in Indianapolis Sunday at which it is expected the Uniform Rank, Knights of Pythias will decide what action it will take regarding the Mexican situation.

Major General Loomis, commanding the Uniform Rank of the United States, desires to know what effect the mobilization of the state troops will have upon the attendance at the National encampment to be held at Nashville. The war department has also inquired of General Loomis what available drill men the Uniform Rank will have ready for volunteers providing they are needed.

The Uniform Rank may offer its services to the government. General Trabue hopes to attend the meeting, when some definite stand will be taken.

GRAND JURY ADJOURNS

Will Convene Again Next Thursday to Close Term's Business

The grand jury after a two days' session adjourned yesterday afternoon until next Thursday when the business for this term of court is expected to be ended. No indictments were returned yesterday. As far as is known the only thing under investigation is the card game alleged to have been operated at a local pool room. Whether the grand jury finished the case is not known.

ELKS PREPARE FOR THE BIG FAIR

Tear Down Old Fence Back of Lodge Home, Trim Trees and Grade Lawn for Attractions

NEARBY SPACES TO BE USED

The Elks have torn down the old board fence back of their building and are cutting down the dead or dying trees and trimming the others in preparation for the indoor and outdoor fair which will be given by the lodge July 12, 13, 14, and 15. The ground back of the lodge home will be graded and put in condition so that the plat will make an ideal park, in a small way, because it is studded with beautiful trees that furnish ample shade.

In addition to the space back of the lodge home, a small stretch of ground between the Twentieth Century Dry Cleaners building and the new Republican building and ground back of Wolcott's drug store and the O. P. C. H. that has been used for a hitchrack will be utilized by the Elks when they give their fair.

ONE TIME LOCAL PROSECUTOR KILLED

O. B. Scobey, Under Whom A. B. Irvin Was Deputy for Rush Co. Run Down by Auto in Denver

ONCE MADE TARGET FOR A GUN

Orlando B. Scobey, formerly of Greensburg and at one time prosecuting attorney of the Rush-Decatur circuit court, was run down by an automobile in Denver, Colo., last Tuesday morning and died a few hours afterwards.

Arthur B. Irvin, who was deputy prosecutor for Rush county under Mr. Scobey, today recalled the circumstance when Mr. Scobey, while sitting in the C. H. & D. depot here, was shot at by Will (Turkey) Jones. Mr. Irvin said Mr. Scobey had been in his office and had gone to the depot to leave the city when he was made a target by Jones. The shot did not take effect, but Jones was captured and sent to prison for the offense. It happened about the year 1877.

Mr. Scobey left Greensburg in 1878 and went to Denver, where he was a very successful real estate agent, having built and sold over two hundred houses in Denver. Last week at the state encampment at Pueblo, Colo., he was elected adjutant general of the G. A. R. of the department of Colorado and Wyoming.

ROY DAVIS TO PROVE AN ALIBI

Laurel Man, One of Five Held in Auto Bandit Chase, is Perfecting Plans for Defense

2 MEN TAKEN FROM JAIL HERE

Removed to Connersville so as to be Closer to Liberty Where Actual Charge is Filed

A rumor was in circulation here today to the effect that Roy Davis, of Laurel, Ind., held in the Liberty jail on the specific charge of having taken an automobile belonging to James Shirkey of Cottage Grove, had already started work on his defense and expected to prove an alibi.

The entire Davis family, excepting a son residing at Anderson, is in custody and the missing son may be the means of Roy Davis escaping prison. It was stated here today that Roy Davis expected to prove by several witnesses that at the hour the car alleged to have been taken from Cottage Grove he was engaged in weighing cattle in Andersonville.

The officers here believe that if this was the case then it was the brother living in Anderson that took the Shirkey machine. Roy Davis the accused man held at Liberty, is said to resemble greatly his brother. On the other hand any number of witnesses can be found who say they saw Roy Davis in the car coming from Andersonville to this city. It will also be hard for him to account for the tools and lamps, the property of Shirkey, found at the Laurel garage.

Roy Davis and his father, Charles Davis are held at Liberty where the case will be tried. Harris Davis, another brother, is in jail in Brookville. George Davis and Bert Pickett of Clarksburg, who was arrested here, were taken to the Connersville jail late yesterday afternoon. The reason for this is that Connersville is closer to Liberty and in order to keep the prisoners separated it was necessary to use some other jail than the Liberty jail, as it was too small.

The officers are still confident of unearthing evidence to show that the Davis boys were organized for the purpose of dealing in stolen automobiles. All of the Davis brothers and the father owned or at least drove Ford cars and at the Laurel garage there were four or five additional machines. There were only one or two cars at the Clarksburg garage, which is operated by George Davis.

Two cars are held here by the police. They may be the rightful property of the Davis boys and they

LOG CABIN AND GATE PROPOSED

Erection of Both at City Park is Planned as Part of Centennial Observance Here

PLANS FOR GATE PREPARED

Another Idea to That Cabin be Filled With County Heirlooms—People to Donate Brick

A centennial memorial gate to be erected at the southeast entrance to the city park is the latest thing proposed as a part of Rush county's observance of the centennial, which will be held in connection with the chautauqua.

Plans for the gate were donated by William McGuire and are on exhibition at the Hargrove and Mullin drug store. The memorial gate would be a fitting tribute to the one hundredth anniversary of the state's admission to the union, but as yet the plan lacks a definite outline although several plans have been mentioned and it is highly probable that some arrangement will be reached within a few days.

The plan for the gate as arranged by Mr. McGuire calls for two large brick pillars from which a double iron gate would swing. A gate of this kind would help the appearance of the city park and would be in the nature of a permanent improvement, it is advocated.

For the lack of a more definite plan it has been suggested that the gate be built by popular subscription by letting everyone desiring to do so contribute a brick. A uniform brick would be selected and the cost of the brick prorated so that as many as possible would have an opportunity to buy brick. If this method is followed the cost to each person giving a brick would be very small and only a limited number of persons could be accommodated.

The persons suggesting the memorial gate would of course like to see some organization erect the gate but by letting the people donate the gate the honor of helping would be distributed over a broader field. It is planned to have the gate erected and ready to open by chautauqua week. The iron gates do not necessarily have to be in place at that time.

By getting the bricks and the labor donated the cost would be small and it is believed that definite arrangements will be made soon to see that the plan is carried out.

Another feature of the chautauqua and the centennial, if present plans are followed, will be the erection of a log cabin. This will probably be done under the auspices of the D.

MOBILIZATION OF THE INDIANA NATIONAL GUARD STARTS TODAY

Battery C of Lafayette and Battery A of Indianapolis Reach Ft. Harrison

OTHERS GOING TOMORROW

(By United Press.)

Fort Benjamin Harrison, Indiana, Ind., June 23.—The mobilization of the Indiana National Guard at Fort Benjamin Harrison began today with the arrival of Battery C of Lafayette, Battery A of Indianapolis and the Frankfort ambulance corps.

The Lafayette battery detrained

at the fort shortly before eleven o'clock this morning while the Indianapolis battery marched from the state fair grounds to the fort at noon.

Lafayette detachments were given a rousing send-off this morning at 3:45 o'clock. Whistles were blown and several thousand people were at the train to see the battery off.

The main part of the guard will arrive tomorrow. Officers at the adjutant-general's office were uncertain today as to the time of arrival of the various companies who were ordered to mobilize yesterday. Train schedules have been issued for practically all of the companies.

WIDOW GIVES SECOND SON TO ARMY WITHIN SIX WEEKS

Mrs. Myrtle Hood Today Signs Necessary Papers to Allow Roy Hood Become a Soldier.

A. H. BLACKLIDGE A RECRUIT

Mrs. Myrtle Hood, 120 East Fifth street, today signed the necessary papers to give her second boy to the United States army for service in Mexico in the last six weeks, and she has the feeling that she has done her duty toward her country. Mrs. Hood is a widow and has no other grown children.

Roy Hood, age eighteen, resigned

at Kramer's meat market the day before yesterday and said he was going to join the regular army, thus following in the footsteps of his older brother, Ralph, who joined at Greensburg six weeks ago and is now at the military training barracks at Columbus, Ohio. He is in the cavalry service and expects to be sent to Fort Bliss, Texas, soon.

Roy went to Greensburg, the recruiting station for the district of Rush, Decatur and Fayette counties, and said he wanted to join the army. He was told that he had to have the consent of his parents. The papers were sent to Indianapolis and forwarded here, Mrs. Hood receiving them today and signing them readily.

Mrs. Hood was widowed by an ac-

Local News

Walter Richey and family of Greensburg have moved here for permanent residence.

A number of slot machines suddenly appeared in Brookville last week, but were ordered out by the town board.

Wilbur Stevens, who has been ill for the past ten days, is able to resume his work at the Big Four station as ticket agent.

E. B. Marlatt of this city will lecture to the young men's Bible class of the Milroy M. E. church next Sunday morning.

Hedgewood Patchen, who was piloted by Curt Gosnell, former Rush county trainer, won the 2:22 pace at Monroe, Mich., yesterday.

The Milroy churches will hold union meetings on Sunday evenings this summer, beginning next Sunday evening, at the high school auditorium.

William Billings, arrested in Squire Kratzer's court on a charge of killing chickens, the property of Ben Osterling, was given his freedom this morning when the charge was dismissed for want of prosecution.

C. M. George of this city was appointed a member of the committee on semi-annual examinations at the closing session of the County School Superintendents Association of Indiana in Indianapolis yesterday.

Reed Crosby, living northwest of Milroy, who was rushed to Sexton's sanatorium here several days ago for an operation for an acute attack of appendicitis, has so far recovered that it was expected he would be removed to his home today.

L. P. Newby, of Knightstown, well known here, was elected grand captain general for three years at the 33rd triennial convocation of Knights Templars at Los Angeles, Cal., yesterday. The Indiana delegation was overjoyed at capturing this honor.

The Red Men's lodge of Connersville is boosting the centennial to be held there and delegations are visiting the surrounding lodges to arouse interest. Falmouth, Glenwood and Orange have been visited by the Connersville boosters.

Cecil Tague, formerly employed at the I. & C. general offices here and later identified with the Progressive state campaign, has opened a law office in Brookville. He was employed in James E. Watson's headquarters in Indianapolis during the primary campaign last spring.

Howard Finnegan and O. P. Wamsley went to Knightstown today where they were called on account of the death of the sister of the former. Rebecca Finnegan, who had been living in the Knightstown Home. She was nine years of age and her death came as a result of a long illness of spinal trouble. Her remains were taken to Madison, where the funeral services will be held.

cident in Milroy a few years ago when her husband was electrocuted. Allan H. Blackledge's friends were telling today that Mr. Blackledge had joined Battery B, the Purdue university battery of the Indiana National Guard. Mr. Blackledge went to Indianapolis yesterday where it is said he took the physical examination to see if he could pass. He then telephoned to Rushville that he was going to join the army and left for Lafayette.

Herman Kinnett, employed in the county surveyor's office, joined Battery A at Indianapolis last summer in order to go with the battery on a training trip to Wisconsin. He has been expecting a call to join the battery, which is a part of the State militia, but since none has been received he is of the opinion that he will not have to serve.

HOLD ANNUAL PICNIC.

(By United Press.)
Ft Wayne, Ind., June 23.—The Fort Wayne lodge of Shriners held their annual picnic here today. Members of the Mystic Shrine from Bluffton, Decatur, Huntington and other neighboring cities attended the picnic.

BERANCY SEARS EXPIRES TODAY

Widow of Late George Sears Dies

Following Prolonged Illness
With Paralysis

FUNERAL WILL BE MONDAY

Mrs. Berancy Sears, 60 years old, died this morning at four o'clock at her home, 251 Buena Vista avenue, following a long illness from paralysis. She had been in a critical condition for some time and her death was expected. Mrs. Sears was the widow of the late George Sears and was a daughter of the late I. W. Martin.

She is survived by one daughter, Mrs. J. F. Lankford of Indianapolis, one granddaughter, and four sisters, Miss Clara Martin, Mrs. Ella Belford of Pendleton, Mrs. T. J. Reehling of Alexandria and Mrs. P. B. Neal of Chicago and two brothers, B. P. Martin of Lapel and F. P. Martin of Elkhart.

The funeral services will be conducted Monday afternoon at two o'clock at the late residence and burial will take place in East Hill cemetery.

LOG CABIN AND GATE PROPOSED

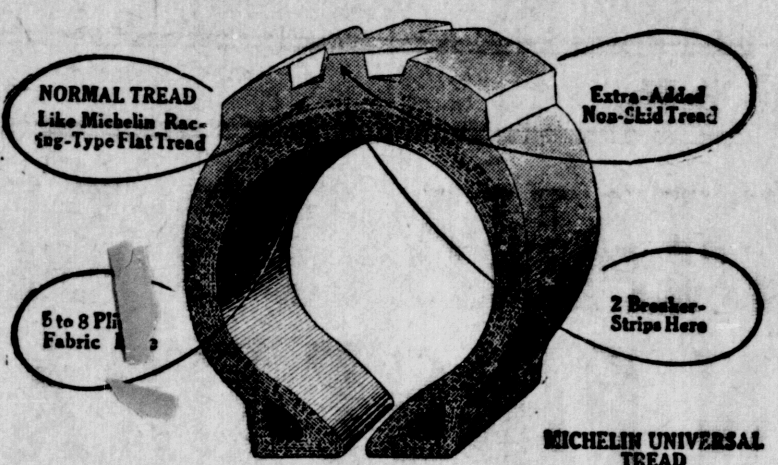

Continued from Page 1.

A. R. If the log cabin is erected the people of the county will be asked to bring in relics and heirlooms and put them in the cabin for exhibition purposes. This plan has been followed in some other places in connection with the centennial observance and has been successful.

—Whitelaw Spurrier of Princeton, Ill., is the guest of his parents, Mr. and Mrs. John A. Spurrier, for a few days. Mr. Spurrier will be joined by his wife in Indianapolis next Monday and they will go to New York for the summer, where he will take a course in Columbia University.

Amusements

At the Gem tonight King Baggot and Edna Hunter will be seen in a two act Imp drama entitled "Patterson of the News." It is said to be an interesting newspaper story. "The Cry of Erin" is a touching Rex drama featuring Francis Ford which will be the second picture. One other good picture is also on the program composing the four reel program. Tomorrow a big double program will be shown. Francis Ford, Grace Cunard, Billie Ritchie, Gene Rogers, Eddie Lyons, Lee Moran and Betty Compson will be shown in their respective productions. Monday "Madame X" in six reels featuring Dorothy Donnelly is the attraction.

The Princess will show the six act drama "Dollars and the Woman," for the program tonight. Ethel Clayton and Tom Moore are featured. The story is taken from the story by Albert Payson Terhune which was published under the title of "Dollars and Cents." Those who insist upon digging into everything until a moral is unearthed will not have to hunt far in this picture, before perceiving that the married women, who even innocently accept financial assistance from any other man than her husband, is seesawing on the brink of a precipice. The picture is full of wonderful scenic effects. Tomorrow, matinee and night the two act drama "Millstones" in which Darwin Karr and Nellie Craig are featured will be shown.

With The Churches

—The regular services will be held at the Sexton Christian church next Saturday and Sunday. The Rev. G. I. Hoover will preach.

—The United Presbyterian church Sabbath school 10 o'clock, followed by sermon and the observance of the Lords Supper, conducted by the pastor the Rev. John T. Aikin; Intermediate C. U., 6:30; evening worship, 7:30. Prayer meeting Thursday evening 7:30.

Decline Of Postal Card

Some one was asking the other day what had become of the old fashioned people who used to write long personal messages on the old plain postal cards. It was for many years a stock joke in the rural districts, that the delivery of mail was delayed by the time it took the postmistress to read these cards. This may have been a libel, but very intimate matters used to be discussed in the publicity of these old post cards, in a way that must have excited the curiosity of prying persons.

No doubt these old postal card letters have been mostly supplanted by the use of the picture cards or cards with mottoes, jokes, or greetings. The use of these is larger than ever before. A post office official said the other day that it takes 25,000 one cent stamps to mail the Christmas post cards of a town of 10,000 people.

Most of us can remember the maiden aunts and others who were noted for their ability to write long effusions on postal cards. Some of them prided themselves on the number of words that could be legibly written on a post card. If memory

serves aright, this would often run into the two or three hundreds. Fine pointed pens were pushed with a concise motion that is a lost art now.

The cent that the postal card saved was a part of a well planned conversation of resources, by which bank books were acquired in days of small economic things. A two cent letter was a needless waste, in which not merely the stamp but the cost of paper and envelope was a consideration.

The publicity does not affect the sale of the modern post card. The messages are so flat and routine that it is doubtful if the rural postmistress ever stops to read them. It must be a tiresome task to wade through a score of cards, only to find such heart throbs as "Here I am at Washington! How are you? Fine weather, Good-by."

Conservative business men are not fooling themselves as to the cause of present business activity. Here is a recent statement by Hayden, Stone and company of Boston: "That huge profits are piling up is undeniable. We feel that the temporary character of many of these profits should be emphasized. We believed it a good rule to follow to examine more closely records of companies previous to the war to eschew the securities of those companies organized under these abnormal conditions. It will be the companies that were doing a good business before the war who will do a good business after the war."

10,000 GUARDSMEN ORDERED TO BORDER

First 5,000 Mobilized in Central Department and First 5,000 in Western to Go.

BAKER ISSUES THE ORDERS

Washington, June 23.—The first orders for sending to the border National Guardsmen called into the Federal service last Sunday by President Wilson went out from the War Department last night. At the same time Secretary Baker sent inquiries to the state Governors that are expected to hasten mobilization.

The orders for movement to the border effect the first 5,000 guardsmen to be mustered into the service in the central department and the first 5,000 in the western department. Gen. Barry, at Chicago, and Gen. Bell at San Francisco, respective commanders of these departments, were directed to send the quotas indicated as soon as their muster is complete, selecting the first units to qualify, regardless of the branches of service to which they belong. Gen. Funston will select their destinations.

In his telegrams to the Governors Secretary Baker asked how soon the quotas asked for in the President's call would be ready. He expects a reply immediately giving the present status of mobilization in each state, about which the department now is informed only in a general way. He requested also that each Governor report again as soon as his state's units are mobilized.

No orders were sent to the Eastern or Southern departments officials indicating that the troops nearest the border had been selected as the first to go, because their transportation would require least time and expense.

The states in the Western Department are California, Utah, Nevada, Idaho, Montana, Oregon and Washington.

The Central Department is composed of Colorado, Kansas, Missouri, Nebraska, Wyoming, North and South Dakota, Minnesota, Wisconsin, Iowa, Illinois, Indiana, Michigan and Iowa.

FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse said for me, to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. BROWN, 1109 Auburn Avenue, Cleveland, Ohio.

Why not take Mrs. Brown's advice? Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

ROY DAVIS TO PROVE AN ALIBI

Continued from Page 1.

may not. In case they are not the local police will hold them for any reward that may be offered. The sheriff of Decatur county insisted on taking these two cars with him yesterday but the local police would not stand for it. The sheriff of Decatur county obtained the reward of \$25 for the recovery of the Shirkey car and never offered a cent to the local police, who as a matter of fact worked up the case and did all of the actual work. Policeman Price was on the case twenty-four hours steadily and was largely instrumental in locating Roy Davis and the stolen car.

The police here rather suspect that both cars, or at least one of them may be stolen property. The engine numbers of both machines have been tampered with, according to the police.

Henry Summan of near Raleigh, whose car was stolen on the night of May 17, returned from the Clarksburg neighborhood last night fully convinced that the Davis brothers or a part of the organized gang had taken his car. Summan found a farmer who recalled that along about that date George Davis drove to his farm at two o'clock one morning and placed a machine in the barn. The farmer knew Davis and did not think anything of the circumstance until the recent developments. Summan firmly believes that it was his car. He has no way of finding it and the

information will practically amount to nothing.

Chief of Police Mountain of Anderson and one Indianapolis detective accompanied Sheriff Post of Union county to Connersville yesterday with the two prisoners. They intended to question the men, but whether they learned anything new or not is not known.

PLAY AT LEWISVILLE

The Knights of Columbus and the Red Men's baseball teams combined under the name of the Rushville Reserves will journey to Lewisville Sunday where the fast Lewisville team will be played. Stoops and Doll will form the battery of the local team. All players are requested to be at the K. of C. hall Sunday morning at ten o'clock.

KINDERGARTEN LAW FOUND TO BE AVAILABLE

Supported by the demands of individual citizens, women's clubs, civic organizations and the daily press, the school authorities of San Francisco have recently recommended the establishment of 20 additional kindergartens. This means that when the estimate they have presented to the proper authorities has been formally approved, approximately 1,000 more children between four and six years old in San Francisco will receive the well-rounded training that the kindergarten gives, through its play-work, songs, games and stories.

Until recently San Francisco has not been as advanced as most large cities of the United States in providing public education for children under primary-school age, hav-

ing but 11 kindergartens publically supported. This was the more surprising because it had the most famous of the early kindergarten philanthropies; and for years no other city had so many or such generously provided benefices of this kind.

Two factors of universal interest stand out in the action of the San Francisco school board: The passage of a new form of kindergarten legislation in California three years ago, and the thorough canvas of the State, during the past two years, to arouse parents and educators to the opportunities the new law brings.

California now has one of the best kindergarten laws in the country. It says that whenever parents of 25 children of kindergarten age who live within a mile of an elementary school want a kindergarten, the way is open for them to get one simply by petitioning the local educational authorities.

It was not, however, until the law had been brought to the attention of the people through systematic effort, that any marked advantage was reaped from its favorable provisions. A number of agencies contributed to make the law effective. In 1914 a special collaborator of the United States Bureau of Education, who is also a field secretary of the National Kindergarten Association, began co-operating with parents and State and local school officials to bring about the establishment of more classes. Through her efforts, and the efforts of citizens within and without the schools, the number of girls and boys receiving kindergarten instruction throughout California has practically doubled since this extension work was begun.

WANT ADS BRING RESULTS

CAMBRIDGE CITY COMING SUNDAY

Rushville Baseball Team Will Line up Against Strong Grays at Edgewater Park

GOOD GAME IS ANTICIPATED

Much Rivalry Exists Between Two Teams as Rushville has Not Won From Them Recently

The Cambridge City Grays will be the attraction against the Rushville team Sunday at Edgewater park. The lineup of the Grays includes some players known to Rushville fans, the most prominent being Johnny Kerlin. Kerlin is holding down the third base job this season. Kerlin can also pitch if called on. It has been several years since Rushville ever won a game from Cambridge City and as a result there is considerable rivalry between the two teams. The Cambridge City Grays were recently organized although most of the players have been playing on different teams this season.

The Rushville team, composed of home players, should give the Cambridge City team a good game, and one of the largest crowds of the season should be in attendance. The home team is trying to give the fans a good class of baseball and is deserving of support. It is the intention to play only first class teams and to this end the management secured the game with Cambridge City.

There will be no change in the lineup of the locals. Hudelson, the big southpaw, will do the pitching and is confident of turning back the Grays. The Rushville team will lineup as follows: Harry Hawk, center field; Hart, short stop; Sharp, right field; Tompkins, first base; Spacey, catch; Howard Hawk, second base; Todd, left field; Miller, third; Hudelson, pitch and Doll, Yazel and Combs, utility.

The lineup of the Cambridge team follows: Caldwell, second base; Winters, short stop; Kerlin, third base; Conner, right field; Differderfer, left field; Hunt, first base; Cregar, center field; Hass, catch and McClelland pitch.

The game will be called at three o'clock.

TO OBEY ORDERS OF HIS SUPERIOR

General Trevino Says he Will Attack American Troops Moving any Way Except to Border

17 U. S. MEN HELD PRISONERS

Mexican General Quotes Scout With Detachment as Saying Americans Provoked Attack

Chihuahua City, Mexico, June 23.—The seventeen American soldiers, negro troopers of the Tenth cavalry, who were captured in the battle at Carrizal, were brought here yesterday afternoon with Lem H. Spillsbury, a Mormon scout, employed by Gen. J. J. Pershing, and were interned.

Spillsbury said that Capt. Charles T. Boyd commanded the Americans and, with Lieut. Henry R. Adair, was among the killed. A Capt. Moore, who was with the American detachment, was wounded in the shoulder, but escaped.

In announcing this afternoon a story of the battle which he said Spillsbury told him, Gen. Jacinto Trevino, commander of the military district of the northwest, announced that any time and at any place the American troops move other than toward the border, he will comply to the letter with his superior's orders and will attack them as Gen. Felix Gomez did at Carrizal.

Gen. Trevino said that all diplomatic arrangements are outside of his sphere.

Spillsbury's story, as announced by Gen. Trevino, was to the effect that seventy-six negroes, comprising Troop H. of the Tenth, Capt. Boyd and Moore, Lieut. Adair and himself composed the American detachment that encountered the Mexicans.

He said that he saw on the field the bodies of Boyd and Adair and at least eleven of the negroes.

"After we had waited some time, Lieut. Col. Rivas came out and warned Capt. Boyd that he would better turn back," said Spillsbury. "Capt. Boyd then explained that he was in pursuit of some bandits which he had heard had looted Santo Domingo, and also was bound to catch a negro deserter, who, he had heard was in Villa Ahumada."

"In reply to this Lieut. Rivas notified the American that if he attempted to advance he would have to pass over the dead bodies of the Mexicans. He advised Boyd that he had better not argue the matter."

"Rivas returned to the village to report to his superior officer, Gen. Gomez, who sent out a note inviting the Americans to enter Carrizal for a conference. Capt. Boyd declined this invitation."

"On this ground Gomez went out in person and insistently urged the Americans to retire, pointing out that his orders from his superiors necessitated his acting on them without further parley. Gen. Gomez repeated these words as he walked away. Boyd merely answered 'all right.'"

Gen. Trevino's announcement then goes on to quote Spillsbury as saying that after Gen. Gomez had retired to his troops, who were outlined outside the town, Capt. Boyd ordered his men to advance, whereupon Spillsbury expostulated with him, arguing that a fight was sure to follow. Spillsbury is reported as saying that Capt. Boyd "obstinately seemed to think that the Mexican general was only bluffing" and the firing quickly began.

He is quoted further: "Capt. Moore and Lieut. Adair fell wounded, the latter mortally. Capt. Moore was wounded in the shoulder and immediately the negroes became demoralized. At the same time the men holding the horses fled with the mounts, leaving behind seventeen negroes and myself. We were forced to surrender."

"I saw the bodies of Boyd and Adair and at least eleven negroes on the field of battle."

Mexican authorities asserted today that the prisoners had been well treated en route to Chihuahua.

Six candidates will be given the Master Mason degree at the Masonic lodge rooms next Tuesday afternoon beginning at two o'clock. A banquet will be served at 6:30 o'clock. Because this is the first banquet of Phoenix lodge No. 62, for some time it is expected that the attendance will be large.

Plans for the Kappa Alpha Phi convention, which is to be held in Bloomington the latter part of August, have been received by the local chapter. A special train will be chartered and the entire crowd of visitors will be taken to French Lick for the principal features of the convention.

HOUSEPARTY

Marjorie Beale, daughter of Mr. and Mrs. John G. Beale, north of the city, is giving a houseparty for several of her little friends at the pretty country home of her parents. Her guests, who are remaining with her for several days, are Kathryn Watson, Kathryn Blount, and Frances Payne.

STEAK ROAST

A merry crowd of young people picniced in a woods east of Rushville last evening. Part of the afternoon was spent in roasting the steak which was one of the most tempting numbers on the menu. In the party which gathered about the bonfire to enjoy the picnic supper were the Misses Ramona Ewbank, Gladys Bebout, Kathleen Hogsett, and Marian Sparks, and Lucien Anderson, Chester Perin, Dwight Van-Osdol and Frank Griffin.

HOUSEPARTY GUESTS

Miss Margaret Mason returned to her home in Columbia City today after a short visit with Miss Fannie Stiers of this city. Miss Mason returned with Miss Stiers from Indianapolis several days ago where they were guests at a houseparty given by Miss Fay Borchers for eight of her Oxford College friends. One of the principal festivities of the houseparty was a pretty morning "500" party.

GRAND CLUB

Pink garden roses were the decorations used yesterday afternoon when Mrs. Guy Abercrombie entertained the members of the Grand Club, with Mrs. Fred Barrett of Indianapolis as the honor guest. After several interesting rounds of

Bridge, the ladies repaired to the dining room where pink roses decorated the table and where delicious refreshments were served.

HOUSE-GUESTS

Miss Mary Amos has as house-guests for several days Mrs. Roy Milligan and Mrs. Leonard Roberts of Indianapolis. This afternoon they were among the guests of Miss Bertha Helm, when she entertained the Embroidery Club. Tonight, Miss Estelle Jones is giving a theatre party in their honor. Mr. Roberts and Mr. Milligan will arrive tomorrow to spend the week-end with their wives as the guests of Miss Amos.

C. W. B. M.

At the social given Wednesday evening by the members of the little Flatrock C. W. B. M. for their families and the members of the congregation of the church, the home of Mr. and Mrs. Charles Fisher of south of the city was thrown open to about 125 persons. The lawn fete which had been planned was changed to an indoor affair and the same decoration used. Refreshments were served throughout the evening, during which a varied program of music and readings was given.

DANCE TONIGHT

More than 400 delegates and visitors had registered on the second day of the national convention of Phi Delta Kappa which is being held in Lafayette. The crowning feature of the convention will be the formal dance, to be given this evening. Yesterday afternoon 300 couples attended the matinee dance at Tecumseh Trail and the annual banquet was held last evening at the Fowler Hotel. During the banquet, the visiting girls in Lafayette for the convention, were entertained at the college fraternity houses. Those from this city who are attending some or all of the functions are Walter Gartin, Charles Sherman, Harold Pearce, Dale Fisher and Robert Vredenburg, the two first named being delegates.

CROSS COUNTRY CLUB

Ten members of the Cross Country Club were the guests of Mrs. Chase Cross at her country home west of the city yesterday afternoon. With their usual amiability, the club members chatted during the afternoon hours. The hostess served a refreshing luncheon.

WITH MRS. SHERMAN
The members of the Modern Art Club, who were present at the meeting held with Mrs. Ed Spradling yesterday, enjoyed a sociable afternoon together. The hostess had chosen white lillies for decorating the rooms where the guests spent the afternoon together and later enjoyed the tempting refecton served.

EMANON CLUB

Summer flowers adorned the rooms of the home of Mrs. John B. Morris when she entertained the members of the Emanon Club at her home yesterday afternoon. Only the club members were present and a very pleasant afternoon was spent. When invited into the dining room, the guests were seated at the table in the center of which was a large and bright bouquet of crimson ramblers. In this pleasant setting, a delicious course luncheon was served. The next club meeting is to be with Mrs. Bert Mullin.

LAWN PARTY

Both the lawn and home of Miss Hazel Smalley were decorated rather elaborately last evening, when Miss Stinley, assisted by Miss Mary Louise Miller and Miss Lillian Coyne entertained a number of their young friends, including a crowd of Connersville young people. With settees, rustic benches and Japanese lanterns, the lawn was a very inviting place. Too, the home was thrown open and the rooms were beautiful, carrying out a color scheme of pink and white, with strands of crepe and with pink roses arranged in French baskets on which huge bows of ribbon were tied. With these surroundings the program of informal games and various diversions was especially pleasant. A delicious collation was served on the lawn to the guests who were the Misses Gertrude Wilkinson, Hazel Stoops, Leota Mull, Hermoine Hughes, Helen Dugan, Margaret Gallimore, Ruth Champion, Maurilla Roth, and Clela McNamara, and Ed Meredith, and Frank Kelly of this city. From Connersville, the guests were Arthur Dowdy, Clarence Smith, Albert Martindale, Eugene Flannigan, Paul Miller, Ed Wilson, Herbert Martindale, Orval Haskell, Clifford Haywood, Frank King and Russell Jeffrey.

WITH MRS. MILLER

Another pretty party in the series which Mrs. B. F. Miller has given was the one this afternoon when the members of the C. W. B. M. of the Christian church were the guests. The affair was in honor of Mrs. Roy Waggener, inasmuch as she is the retiring president of the organization and has been for several years, and of Mrs. Will Rogers of Cincinnati, who is the guest of Mrs. Miller. Lovely garden roses aided in giving the home a festive appearance for the guests who spent a delightful time together. Mrs. Carl Beher sang

several beautiful solos. Later in the afternoon, delicious refreshments were served to the guests.

PLANS FOR CARNIVAL

Discussion of plans for the carnival to be given by the Catholic church of this city the week of the 25th of July, occupied the principal part of the meeting yesterday afternoon of the Ladies Aid Society held with Mrs. Katherine Jones of West First street. Mrs. Kate Horr assisted the hostess in entertaining. Judging from the arrangements being made, the carnival is to be more elaborate than ever before. The ladies also completed the knotting of a comfort, which they had started some time ago.

Miss Jean McClanahan, who has been attending Randolph-Mason college at Lynchburg, Virginia, until the 6th of this month is in the East, the guest of Miss Madeline Lord of Seaford, Delaware, who visited here last year. In the past few weeks they have made machine trips to Washington, Philadelphia, Baltimore, and are now in Atlantic City. Miss McClanahan is expected home next Thursday.

BIRTHDAY CELEBRATION.

Sixty members of the family of Mrs. Levi Retherford gathered at the home of Jess Retherford north of the city, which was formerly the home of Mrs. Retherford, to aid her in celebrating her 77th birthday Thursday. The elaborate plans carried out and the large crowd assembled, was significant of their esteem for the guest of honor. It was also the birthday of Mrs. Clarence Floyd, who makes her home on the farm, so two birthday cakes, lit with the proper number of candles, were on the table set out on the lawn.

Preceding the serving of the bountiful pitch-in dinner, the invocation was given by Levi Retherford and a short history of the life of Mrs. Retherford was read by her eldest son, Ed Retherford of Carthage. The guests seated at the birthday table in the yard where the two guests of honor were seated were Mr. and Mrs. Levi Retherford, Mr. and Mrs. Clarence Floyd, Mr. and Mrs. John Retherford of Connersville, Mrs. Anna E. Wood of Muncie, Mrs. Mary Powell, Mrs. Ell Dill and Mrs. Thomas Morris of Carthage. The remaining guests were served in buffet style in the dining room and seated in a large circle in the yard surrounding the table at which the guests of honor sat. Pictures of the happy reunion were taken at the completion of the elaborate meal.

SCRATCH PADS

We have made up another lot of scratch pads and are now on sale at the Republican office.

NEW YORK FASHION NOTES

BY MARGARET MASON.

(Written for United Press.)

Her pretty puffy petticoat First seems to make Priscilla float. But in a crowd such breadth to tote Now seems to make her "soar" you'll note.

New York, June 23.—Petticoats are now making up with a vengeance for any past discrepancies. The poor, scant transparent things that last season passed for such would not serve as one ruffle on the fluffy, ruffled, hooped, puffed, flounced, ruffled and scalloped creations that now hide their lightness not under a bushel but under a barrel skirt.

Taffeta for its crispness makes most acceptable pettis and when adequately corded and of sufficient fullness needs no wiring to give it that desired hoopy effect.

Two lovely ones that seem just to have been plucked blooming in the garden are a pink one which is a mass of petal shaped scallops, tier on tier, like an inverted rose; and one in yellow points like a daffodil. All shades of lavender, violet, purple mauve and orchid, corded within an inch of their life and their entire surface, are edged in silken fringe, pinked ruchings or picot edged frills and quillings.

Indeed you can just turn your fancies loose on your petticoat and let them run riot, provided they run around.

Petticoats of net and ribbon are most entrancing. Some are of multitudinous net ruffles run through at their headings with narrow picot ribbons of pale blue, orchid, pink and maize, while others are made of puffings of net run on fine wire alternating with wide bands of gorgeously embroidered ribbons.

Some petticoats show an Evelike penchant for first fruits and boast a lavish display of tiny silken apples tucked hither and yon in a smother of frills. A bright purple petticoat is particularly delectable with clusters of bobbing silken cherries growing in a Burbankish manner near the limbs of a peach.

Chaste white petticoats as frothy with lace as a foaming stein gleam with the sheen of wash satin between their laciness and blossom occasionally with a tiny ribbon or beaded rose or French garland.

Frisulous truly are the petticoats made of narrow ribbons sewed together lengthwise over the hips and then allowed to fall in a loose fringe effect over a wide flounce of chiffon and lace.

Even the petticoat hasn't escaped the mad passion for handpainted adornment and many of the chiffon and delicate tinted taffeta ones for evening wear bloom in water color flora. All of the petticoats aren't as black as they are painted but the really black ones are as ebonesque as a black net, chiffon, lace and jet

heads can fashion them.

Some of the newest petticoats are held in such suspense that they are perilously near to pants. For like pants they are hung from fair shoulders by honest to goodness regular suspenders. The suspenders, except that they are made of the same silk as the petticoat proper, (or improper it depends how you look at it), are replicas of those worn by our petticoatless peers.

Truly with divers pettis clinging pant like to suspenders, while others are puffy as can be, it's no wonder the most of them take our breath away.

ARRANGES OUTING FOR THE CHILDREN

Salvation Army Will Entertain With All Day Outing South of City
Next Tuesday

MOTHERS TO BE GUESTS ALSO

The annual outing of the Salvation Army for the poor children and their mothers will be given next Tuesday in the John Boyd grove, south of the city. All mothers and children desiring to take part in the outing are requested to be at the Salvation Army headquarters at 7:30 o'clock as the automobiles will leave promptly at eight o'clock.

A short entertainment will be given by the children at the corner of Main and Second streets on the way to the picnic. The entertainment will consist of drills and songs. Arrangements for the dinner have all been made and the mothers will not have to prepare anything. The people of the city are invited to participate and help in the entertainment.

WILL USE STADIUM

Cambridge, Mass., June 22.—Harvard's commencement exercises, hitherto held in Sanders Theatre, will be transferred to the stadium in the future. President Lowell will give the degrees there today. For some time the theatre had been taxed to the limit by Harvard's graduating class and its guests, and many have been excluded from the ceremonies.

TO LET CONTRACT.

(By United Press.)
Washington, Ind., June 23.—Citizens of this city are much interested in the letting of a contract today at Washington, D. C., for a new \$50,000 postoffice to be built here soon.

The Mauzy Co.

GOODRICH CO. TO CO-OPERATE

Manufacturers Send Out Notices
Making Special Provisions For
Those Called to Colors.

CARRY SHARE OF BURDEN

Announcement Applies to All Employees of Company Enrolled in State Militia June 19.

In common with many other large concerns, as well as smaller ones, the B. F. Goodrich company has sent out notices to its employees making special provisions in regard to wage for those who belong to the state militia and have been called for the colors. The announcement follows:

In order, insofar as possible, to relieve from financial worry those of our employees who are subject to military duty and also as an expression of desire on the part of this Company to make substantial recognition of this opportunity to co-operate with its employees in carrying out its share of the common duty of all to answer the national call for military assistance the policy of this Company will be as follows:

This announcement applies to all employees of this Company formally enrolled as members in good standing in any State Military or Naval Organization at midnight Monday, June 19th, 1916, and who are accepted by the proper military officers for active service in the present Mexican crisis:

In case of orders being issued by the military authorities requiring the services of employees mentioned above for actual military duty, necessitating absence from the regular

duties of this Company, compensation will be awarded as follows:

After allowance being made for payment for service by the government, or state, or from any other source, the direct result of military service, this Company will pay as military compensation the difference between such sources of income and the following:

To all married and single men contributing regularly to the support of actual dependents, two thirds (2/3) of their average salary or wage based on their previous average salary or wage earned during the three months preceeding their absence.

To all single or married men not contributing regularly to the support of actual dependents one-half (1/2) of their average salary or wage.

Thus an employee with dependents whose average wage for three months has been \$100 per month and who receives \$15.00 per month from the government will be granted military compensation from this Company of \$51.66 per month.

Payment of military compensation will be paid direct to the dependents designated, or upon the request of men without dependents, will be held in trust by the Company until the return of the employee.

The period of absence on military duty will not be considered a breach in continuity of service as affecting our Life Insurance or Pension regulations, but such time of absence will be included in the Company service record of each employee the same as if he had not engaged in military service. During such absence of an employee, the Life Insurance issued to him by this Company will remain in full force and effect.

Discrimination will not be made in any manner against any employee upon his return from military service, and as far as possible arrangements will be made for each man to return to his former position.

The above conditions will apply to employees whose extent of absence is one year or less, continually in state military or naval service, but privilege of the Company is recognized to make such modifications, extensions or abrogations of these

conditions at any future time as may appear advisable.

THE B. F. GOODRICH COMPANY.
By Order of Executive Committee.

PHONE 1148

Each convert wore a bow of ribbon of red and white.

The program consisted of special music and interesting talks. Miss Nellie Woods gave a piano solo, and Lowell Beach, Everard Johnson and Miss Minnie Tribbey each sang a solo, besides music by a quartet. Fred McFarridge gave the address of welcome to the converts and W. Hurst, Fred Woods and Dale Gordon, three of the converts gave responses. Their talks were very effective, as they told how happy they were since God had changed their lives. Mrs. Emma Woods and Miss Mary Metsker, each gave a reading. The Rev. C. E. Bacon gave the closing address and gave the converts some good instructions how to grow in grace, by testimony, reading the Bible and prayer. Refreshments of ice cream, cake and coffee were served in the basement.

NEBRASKA HAS
BIG WHEAT CROPWork of Harvesting 74 Million
Bushels Has Started—Consid-
ered Bumper Crop.

FLY DID ONLY SMALL DAMAGE

(By United Press.)

Lincoln, Neb., June 23.—Nebraska's great annual wheat crop harvest has begun. The largest wheat crop in the state's history is being gathered—such a crop as the state did not even dream of ten years ago.

Between 71,000,000 and 74,000,000 bushels of winter wheat is the estimate of the state's labor bureau, which also estimated that 7,000 extra farm hands were needed for the harvest.

Besides this, some spring wheat is raised in the northern section of the state, but this amount is relatively small and its harvest will begin in two or three weeks.

The Hessian fly did some damage this year as usual, but the pest was only in certain sections and there only in small spots. Less damage by the Hessian fly was done this year than last.

Hail also did slight damage, some fields being completely devastated, but this loss, too, was relatively small.

The wheat crop of Nebraska this year, it is estimated, will exceed that of last year by about 10,000,000 bushels.

"HOUSEWORK IS
EASIER NOW"Mrs. Linnie Belcher Feels Like a
New Woman Since Taking
Tanlac

Muncie, Ind. June 22.—"I have tried many medicines during the last fifteen years, but Tanlac is the first one that has given me relief from my troubles," Mrs. Linnie Belcher, a well known resident of this city, who lives at 214 West Seventh street, said here recently.

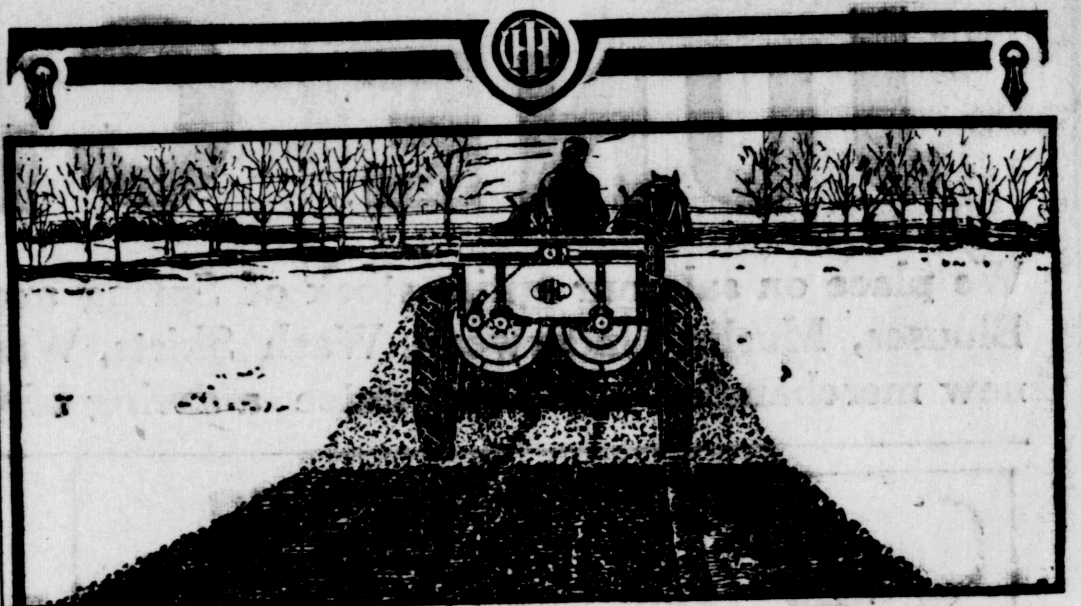

"Since taking Tanlac the food I eat is digesting better than for years. The spells of dizziness are a thing of the past. I certainly feel like a new woman and I can do my work better and a lot easier."

"I had stomach trouble," Mrs. Belcher continued. "I also was very nervous. I suffered frequently from attacks of dizziness. My stomach usually was in a gaseous condition and my appetite was poor."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite, poor circulation, general depression and is a general tonic for weak people. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Son's, and in Milroy at Barton and Sheppard's. —(Adv.)

Drive It Into the Barn

AS we told you, a Low Cloverleaf gives the manure a double beating. It also spreads manure eight feet wide or better. But the wonderful thing is that it does this from a box only 45 inches wide. The spreader itself is so narrow that it can be driven into any modern barn and loaded from the gutters. Only one handling of the manure for the quickest, best job of spreading you ever did. How does that sound to you?

If you have even begun to think about buying a spreader, see this Low Cloverleaf. You will say you never saw a better manure spreader. It won't take long to look it over. Your dealer has one set up for you to see.

Our Advice is-Buy Shoes Now

The great war is causing a tremendous rise in leather and shoes, and is forcing prices SKY HIGH

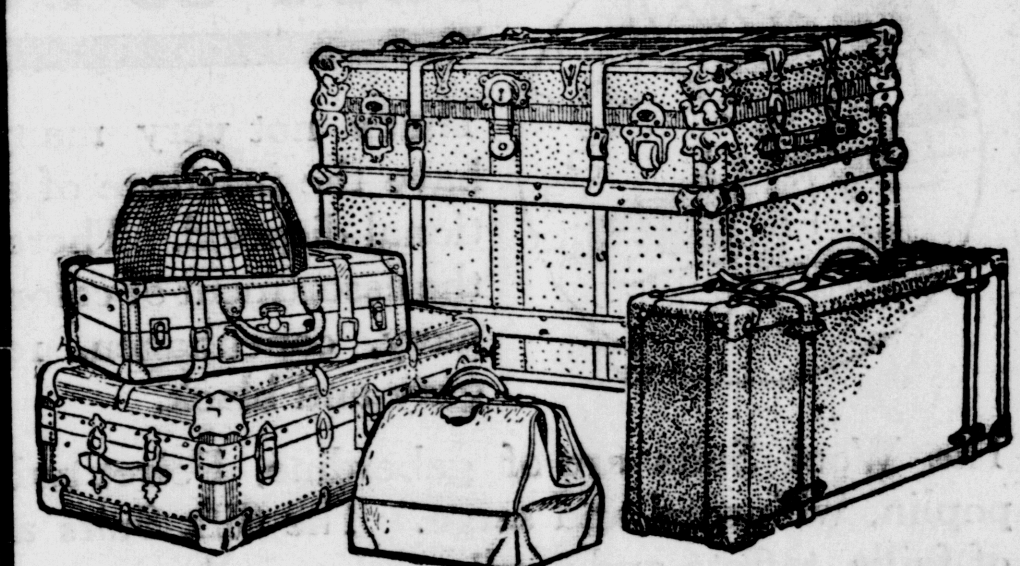

The millions of soldiers in Europe are using up so many shoes that the shortage of leather is becoming a serious problem, and the burden must be borne by the citizen consumer. In America this condition is hitting us hard.

We strongly advise you not to delay your purchase, not only for yourself, but for the whole family. We do not know what the future prices will be, but whatever they are, neither the retailer nor the consumer can help himself.

AVOID MISTAKES

No Need to Experiment With Rushville Evidence at Hand.

There are many well-advertised kidney remedies on the market today, but none so well-recommended—none so Rushville recommended as Doan's Kidney Pills.

Read this Rushville case. Frank McFarland, 830 West 10th street, Rushville, says: "Last winter my kidneys began to get weak and in a short time I was so bad that I could hardly be about. My back was in terrible shape. It ached so, especially at night that I could hardly sleep and in the morning, it was stiff. If I bent over, I could hardly straighten up again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success that I thought I would try them, so I got a box at Johnson's Drug Store. They helped me and I kept on using them until cured."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. McFarland. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c.

PRINCIPLE IS ADMITTED SOUND

Democrats Deny Economic Soundness of Protective Tariff But Uphold Peddler's License.

IDEA APPLIED NATIONALLY

Protection of Nation Against Foreign Competition is Same as Protection of Small Community.

(By United Press.) Washington, June 23.—The Republican Publicity Association, through its president, Jonathan Bourne, Jr., today gave out the following statement at its Washington Headquarters:

"Although Democrats deny the economic soundness of the protective tariff, they admit the soundness of the principle as applied in various other ways. They uphold the itinerant peddler's license which is nothing more nor less than a local protective tariff. With equal unanimity they urge the importance of keeping money at home for the development of home industries.

"This acknowledgement of the desirability of the local application of a principle which Republicans advocate in national affairs is impressed upon the mind by the recent assertion by the Portland, Oregon, Journal, a staunch Democratic newspaper, that during the ordinary course of business in Portland approximately \$130,000,000 changes hands each month. When one realizes that the most of this huge wealth is hurled back into trade as fast as it is harvested, the mind reels with the magnitude of local business."

"Exactly the same thing may be said of every community in the United States, and it might well be wished that every newspaper, particularly every Democratic newspaper, would emphasize the fact. Portland has a population of 260,000, so that, in the view of the Journal, the business transacted in that city amounts to \$500 per month for every man, woman, and child. Such a large amount of business per capita is due entirely to the fact, as stated, that 'huge wealth is hurled back into trade as fast as it is harvested.' And right there, also, lies the real explanation for the prosperity that follows a protective tariff, and the depression that follows free trade.

"In a period of ten months following the enactment of the Democratic tariff law, and before the war, we increased our purchases abroad and decreased our sales abroad to such an extent that the balance of trade in our favor was reduced \$260,000,000. That was a large sum in itself, but we cannot consider merely the \$260,000,000. When we sent that amount of money across the Atlantic and Pacific to buy goods in Europe and Asia, we gave those continents 'huge wealth which was hurled back into trade as fast as it was harvested,' but it wasn't hurled into American trade.

"We sent that huge wealth out of America and reduced to a corresponding degree the amount that could be 'hurled back into trade' in this country. Instead of keeping our dollars at home, to pass and repass from hand to hand many times each month, as the Democratic Journal has so described, we sent the money to England and Germany and Japan and China, where it made prosperity for the people of those nations.

"When the residents of the Pacific Northwest sent money to China to buy eggs, as they did buy them by the hundreds of thousands of dozens when the Democrats removed the protective duty, the money was sent to the slant-eyed sons of Confucius to be by them hurled into the local trade of a nation where cheap living and low wages are the chief characteristics. And the Portland Journal, as a true Democratic newspaper, approved the law which per-

CAMP BROKEN BY SOCIETY GIRLS

Thirty Young Women Return Home After Three Weeks of Soldiering at Pompton Lake.

KNOWN AS EMERGENCY SERVICE

Purpose Was to Lead Girls Who Have Had Opportunities in Life to Know Responsibilities.

(By United Press.) Pompton Lake, N. J., June 23.—Thirty young women of New York society started home from here today after three weeks learning the ins and outs of soldiering so that in time of need they may be a help to their country. They were under the command of Miss Cadance Hewitt, daughter of Mr. and Mrs. Edward R. Hewitt and were instructed by directors supervised by General E. Z. Steever, U. S. A., retired.

The Emergency Service Corps is the official title of Captain Hewitt's girls, and in their three weeks' camp they covered a course of intensive instruction, embracing everything from messenger service to cooking and from peeling potatoes to bareback riding.

Miss Hewitt and her sister, Miss Lucy Hewitt, were the organizers of the camp. They took their idea before a committee of prominent men and women and after careful study the training course was worked out. The committee includes Miss Anne Morgan, Mrs. Edward R. Hewitt, Mrs. Everitt Macy, Miss Elizabeth Lowndes, of Rosemary Hall; Miss Spence, Henry L. Stimson, General Charles Roe, U. S. A., retired; Lieutenant Colonel William F. Schuller, Surgeon General, N. G. N. J., and Harry B. Sedwick.

The purpose of the corps are to lead girls who have had opportunities in life to recognize their responsibilities.

The course including making camp, cooking, riding, swimming, first aid and sanitation lectures will be given in military law so that the girls may realize fully in what relation they will stand to their own and to enemy troops in time of war.

Miss Hewitt laid down a list of equipment with which each young woman must provide herself. This included two pairs of waterproof shoes, three pairs of thick stockings, one pair of woolen socks, one pair of sneakers, three changes of under-clothing, one set of waist garters, one pair of leather puttees, three olive drab shirts, one campaign hat, one pair of service gaunties, one belt, two red ties, one uniform coat, two pairs of uniform breeches, one slicker, two pairs of pajamas, one sweater coat and one bathing suit. Skirts are taboo.

The girls learned how to wig-wag with the general service code and semaphore code, and the mysteries of lightning beacon fires and making signal smokes—which last is no mean art in itself.

Among the girl rookies were the Misses Mildred Sawyer, Rozanna Bowen, Margaret Lindabury, Mildred Rives, Abby Morrison, Miss Martha S. Gay, Miss Helen Seton, Miss Alice Thorne, Miss Helen W. Green, Miss Agnes Fowler, Miss E. Rita Norrie, Miss Elizabeth Mosie and Miss Elizabeth Harrison.

mitted and encouraged this to be done.

"The same may be truthfully said of every Democratic newspaper and every Democratic orator who upheld the Democratic tariff law. They talk of the huge wealth that is harvested and 'hurled back into trade' in their several communities, yet they help to lessen that wealth and divert the trade to foreign countries, and then boast of their achievement.

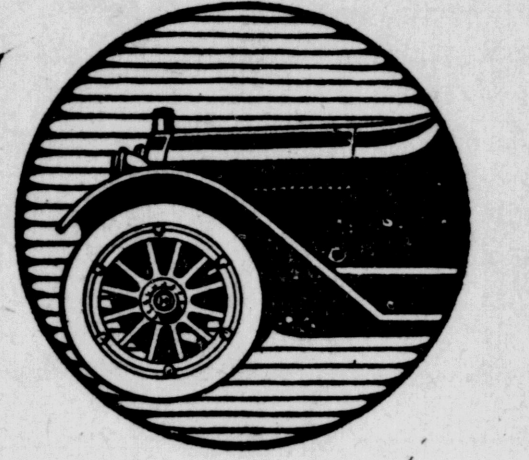

"What does the American voter propose to do about it?"

Power—The Maxwell Automobile Has It In Abundance

When you buy an automobile, you want to be sure that it has the power for emergencies.

You want a car that will carry you through mud, sand, snow and every condition of road—and do it easily.

You want a car that will climb hills as if it weren't afraid of them.

You want a car that will get away quickly without laboring and straining in every part.

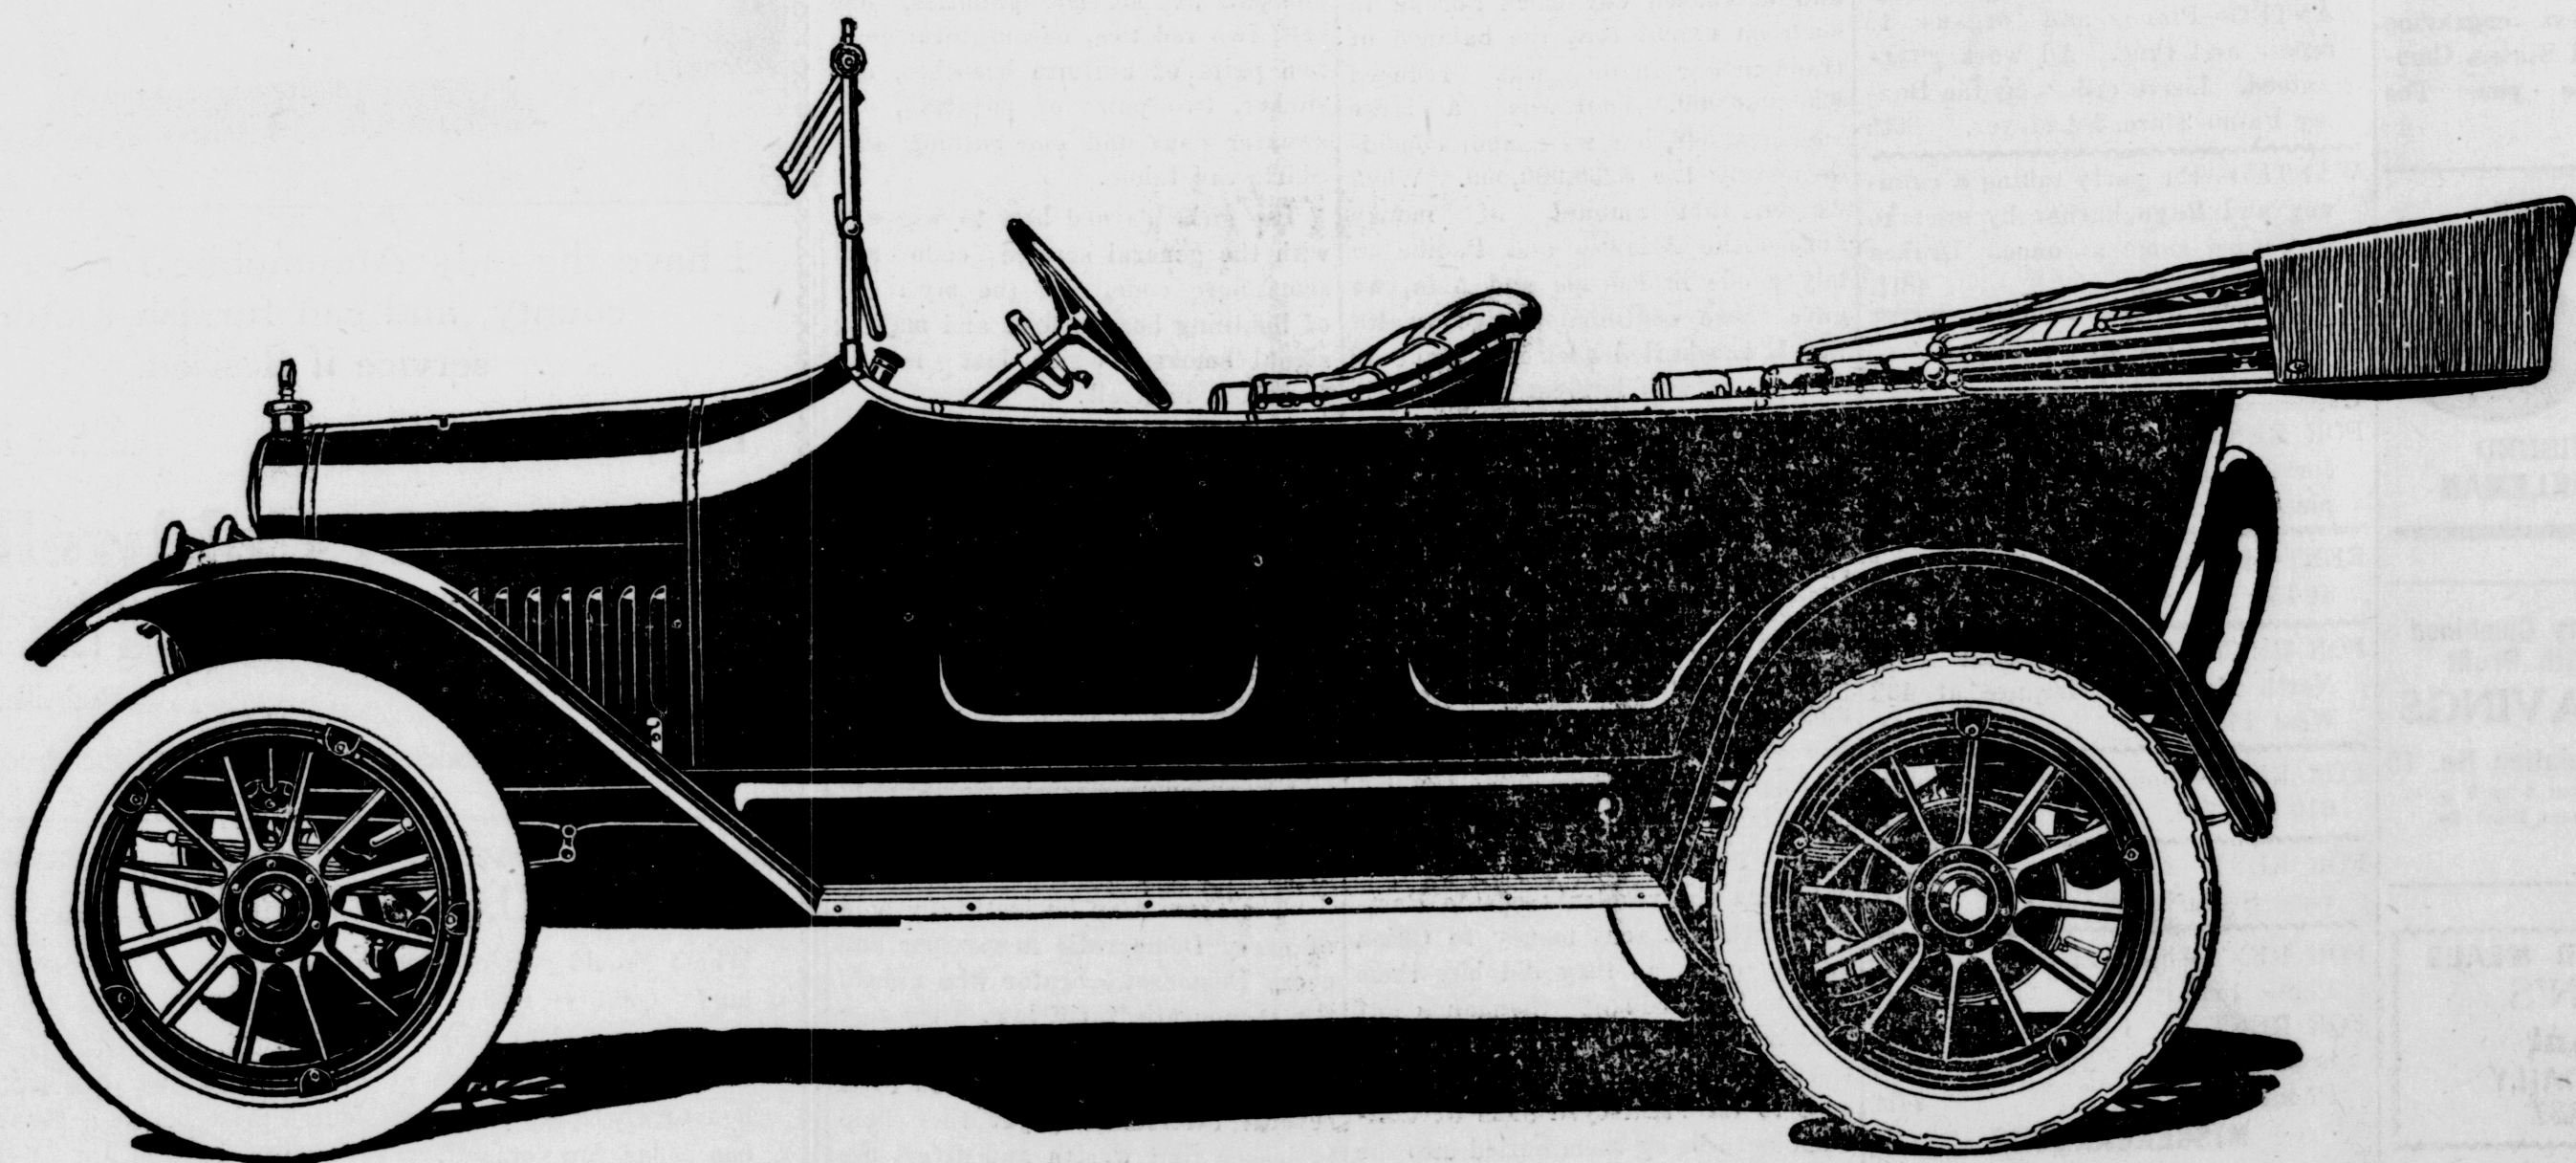

The Maxwell has the power for the unforeseen emergency that may arise.

Not all cars have the power, but here is the proof that the Maxwell has it.

When the Maxwell stock touring car set the world's non-stop mileage record a few months ago, it encountered all sorts of unfavorable conditions—rain, mud and hills—over country and city roads—yet it covered 500 miles a day, and did it day after day without laboring, without trouble, for more than six weeks.

Power—plenty of power—unfailing power—is absolutely essential to such a wonderful performance as this.

A word of warning—it is not wise to wait too long. The demand for Maxwells is growing so that in a very short time the factory output, tremendous as it is now, will not be able to meet the demand. If you wait too long, you might be forced to content yourself with some other make of car which, first and last, will cost you much more than the Maxwell.

Opportunity for a Maxwell Dealer is open in this vicinity. Our proposition has unusually attractive and interesting points.

INDIANA TO BE IN FIRST DRAFT

Secretary Baker Today Orders Military Forces to be Rushed to Border at Once

FAST AS THEY'RE EQUIPPED

New York Will be First and Indiana, Illinois and Wisconsin Will Follow Closely

TWO TROOPS ANNIHILATED

Report at El Paso Says Carranzistas Set Trap for U. S. Soldiers in Carrizal Battle

(By United Press.)

Washington, June 23.—Secretary of War Baker today issued orders to every department commander to send his military forces to the border as rapidly as he can equip them. The first state troops to move under such order probably will be from New York. Other state militia likely to follow closely are Indiana, Illinois and Wisconsin.

A high official said this afternoon he did not believe any of the forces could start before Monday.

The order to the department commanders now already in the hands of many of the state militia heads directs them not to delay departure because of the shortage of field transportation, which includes horses, mules, wagons and auto trucks. The militia men are to move to points designated by General Funston in regiments, battalions or other separate organizations as soon as they are "reasonably" ready, according to the orders.

DISTRIBUTION OF NEW FORCES TO BE KEPT SECRET
(By United Press.)

San Antonio, Texas, June 23.—Plans for distribution of the state militia along the border probably will not be made public until the various units have arrived at their stations, General Funston indicated today. Perhaps their exact location will not be divulged even then as Funston does not wish the Mexican military officials to know just what his strength will be and how it is to be distributed.

BANDITS REPORTED TO HAVE INVADDED U. S. TODAY
(By United Press.)

Columbus, N. M., June 23.—Mexican bandits are today reported to have invaded the United States fifty miles west of here. A report stated they were running off horses from

Parker's ranch in Playas valley, southwest of Hachita, New Mexico. Loss of life and fighting were not mentioned. (Deleted by censor.)

TROOPS C AND K OF 10TH ARE TRAPPED AT CARRIZAL
(By United Press.)

El Paso, Texas, June 23.—Reports received today by the American Mining company from Mexican sources stated that Troops C and K of the Tenth United States cavalry were practically annihilated in the fighting at Carrizal, when led onto the Carranzista trap. There is no official confirmation of this. Five car loads of lumber belonging to the Madera company, a British firm, were destroyed by fire in Juarez today. Incendiarism is suspected.

WATCHFUL WAITING INVOKED ANEW TODAY
(By United Press.)

Washington, June 23.—A report from General Pershing containing the story of the Carrizal fight between Americans and Carranzistas based solely on the information of returning Tenth cavalry men was in the war department's hands today. Its contents were characterized as confirming press reports of cavalrymen's stories in most particulars, but officials said they could not rely entirely upon it as proving that the attack was unprovoked, with the Mexicans entirely the aggressors. Watchful waiting was invoked anew by the administration today in the Mexican problem. Help in framing this government's course—presumably diplomatic but possibly stronger—was anticipated in a preliminary report to General Pershing on the Carrizal battle.

Meantime war department activity centered in getting militia troops ready for border service. Ten thousand men, gathered from the central and western departments, will leave as soon as they can be prepared. Probably this will be in a very few days.

The administration's position up to noon today tended to class the Carrizal incident with the now forgotten Parral clash and more recent attack upon American sailors at Mazatlan.

MEXICANS EVACUATE TOWN OF CASAS GRANDES
(By United Press.)

San Antonio, Texas, June 23.—General Pershing wired General Funston today that the Mexican garrison had evacuated Casas Grandes. He made no mention of having occupied the city. Funston was inclined to doubt press reports that Pershing had declared martial law in that city and Casas Grandes saying he believed Pershing would

MOBILIZATION OF THE INDIANA NATIONAL GUARD STARTS TODAY

Battery C of Lafayette and Battery A of Indianapolis Reach Ft. Harrison

OTHERS GOING TOMORROW

(By United Press.)

Fort Benjamin Harrison, Indiana, Ind., June 23.—The mobilization of the Indiana National Guard at Fort Benjamin Harrison began today with the arrival of Battery C of Lafayette, Battery A of Indianapolis and the Frankfort ambulance corps. The Lafayette battery detained

at the fort shortly before eleven o'clock this morning while the Indianapolis battery marched from the state fair grounds to the fort at noon.

Lafayette detachments were given a rousing send-off this morning at 3:45 o'clock. Whistles were blown and several thousand people were at the train to see the battery off.

The main part of the guard will arrive tomorrow. Officers at the adjutant-general's office were uncertain today as to the time of arrival of the various companies who were ordered to mobilize yesterday. Train schedules have been issued for practically all of the companies.

ASKS ALIMONY OF \$500 GRAND JURY ADJOURNS

Martha Easley Brings Suit For Divorce From Henry Easley

Martha Easley has filed suit for divorce from Henry Easley, alleging cruel and inhuman treatment. She alleges that he is quarrelsome and ill-natured and was a constant user of profane language and frequently cursed her and the children. She set out that he abandoned her in April, leaving her without means of support. Mrs. Easley asks for the custody of their six children, \$500 alimony and five dollars a week for support. Chauncey Duncan represents Mrs. Easley.

WILL HEAR ROAR OF PACIFIC OCEAN

George Davis Will Attend Banquet When Each Guest Will Have Phone "Hitched" to the Coast.

RICHMOND "12-6" CLUB HOST

George Davis, general manager of the Rushville Co-operative Telephone company, will have an opportunity to hear the roar of the Pacific ocean next Tuesday night when he attends the banquet of the "12-6" Club at Richmond, to which he has been invited. It will be a telephone reunion at which each of the 300 banqueters will have a telephone receiver connected up with long distance.

Los Angeles, California will be connected with the banquet room and greetings will be exchanged. Frank Wiggins, formerly of Richmond, now superintendent of the Los Angeles Chamber of Commerce, will preside at the Los Angeles end of the wire, where fifty or more former Richmond citizens will meet. Afterwards the long distance will be hooked up with the famous Cliff House at San Francisco so that the guests may hear the roar of the ocean waves.

TO DETERMINE ITS ATTITUDE ON WAR

U. R. K. of P. Officials to Meet in Indianapolis, May Offer Services to Country.

GEN. TRABUE WILL ATTEND

Adjutant General Samuel L. Trabue has received a letter from General William B. Gray of Covington, asking him to attend a conference in Indianapolis Sunday at which it is expected the Uniform Rank, Knights of Pythias will decide what action it will take regarding the Mexican situation.

Major General Loomis, commanding the Uniform Rank of the United States, desires to know what effect the mobilization of the state troops will have upon the attendance at the National encampment to be held at Nashville. The war department has also inquired of General Loomis what available drill men the Uniform Rank will have ready for volunteers providing they are needed.

The Uniform Rank may offer its services to the government. General Trabue hopes to attend the meeting, when some definite stand will be taken.

WILL CONVEY AGAIN NEXT THURSDAY TO CLOSE TERM'S BUSINESS

The grand jury after a two days' session adjourned yesterday afternoon until next Thursday when the business for this term of court is expected to be ended. No indictments were returned yesterday. As far as is known the only thing under investigation is the card game alleged to have been operated at a local pool room. Whether the grand jury finished the case is not known.

ELKS PREPARE FOR THE BIG FAIR

Tear Down Old Fence Back of Lodge Home, Trim Trees and Grade Lawn for Attractions

NEARBY SPACES TO BE USED

The Elks have torn down the old board fence back of their building and are cutting down the dead or dying trees and trimming the others in preparation for the indoor and outdoor fair which will be given by the lodge July 12, 13, 14, and 15. The ground back of the lodge home will be graded and put in condition so that the plot will make an ideal park, in a small way, because it is studded with beautiful trees that furnish ample shade.

In addition to the space back of the lodge home, a small stretch of ground between the Twentieth Century Dry Cleaners building and the new Republican building and ground back of Wolcott's drug store and the O. P. C. H. that has been used for a hitchrack will be utilized by the Elks when they give their fair.

ONE TIME LOCAL PROSECUTOR KILLED

O. B. Scobey, Under Whom A. B. Irvin Was Deputy for Rush Co. Run Down by Auto in Denver

ONCE MADE TARGET FOR A GUN

Orlando B. Scobey, formerly of Greensburg and at one time prosecuting attorney of the Rush-Decatur circuit court, was run down by an automobile in Denver, Colo., last Tuesday morning and died a few hours afterwards.

Arthur B. Irvin, who was deputy prosecutor for Rush county under Mr. Scobey, today recalled the circumstance when Mr. Scobey, while sitting in the C. H. & D. depot here, was shot at by Will (Turkey) Jones. Mr. Irvin said Mr. Scobey had been in his office and had gone to the depot to leave the city when he was made a target by Jones. The shot did not take effect, but Jones was captured and sent to prison for the offense. It happened about the year 1877.

Mr. Scobey left Greensburg in 1878 and went to Denver, where he was a very successful real estate agent, having built and sold over two hundred houses in Denver. Last week at the state encampment at Pueblo, Colo., he was elected adjutant general of the G. A. R. of the department of Colorado and Wyoming.

ROY DAVIS TO PROVE AN ALIBI

Laurel Man, One of Five Held in Auto Bandit Chase, is Perfecting Plans for Defense

2 MEN TAKEN FROM JAIL HERE

Removed to Connersville so as to be Closer to Liberty Where Actual Charge is Filed

A rumor was in circulation here today to the effect that Roy Davis, of Laurel, Ind., held in the Liberty jail on the specific charge of having taken an automobile belonging to James Shirkey of Cottage Grove, had already started work on his defense and expected to prove an alibi. The entire Davis family, excepting a son residing at Anderson, is in custody and the missing son may be the means of Roy Davis escaping prison. It was stated here today that Roy Davis expected to prove by several witnesses that at the hour the car alleged to have been taken from Cottage Grove he was engaged in weighing cattle in Andersonville.

The officers here believe that if this was the case then it was the brother living in Anderson that took the Shirkey machine. Roy Davis the accused man held at Liberty, is said to resemble greatly his brother. On the other hand any number of witnesses can be found who say they saw Roy Davis in the car coming from Andersonville to this city. It will also be hard for him to account for the tools and lamps, the property of Shirkey, found at the Laurel garage.

Roy Davis and his father, Charles Davis are held at Liberty where the case will be tried. Harris Davis, another brother, is in jail in Brookville. George Davis and Bert Pickett of Clarksburg, who was arrested here, were taken to the Connersville jail late yesterday afternoon. The reason for this is that Connersville is closer to Liberty and in order to keep the prisoners separated it was necessary to use some other jail than the Liberty jail, as it was too small.

The officers are still confident of unearthing evidence to show that the Davis boys were organized for the purpose of dealing in stolen automobiles. All of the Davis brothers and the father owned or at least drove Ford cars and at the Laurel garage there were four or five additional machines. There were only one or two cars at the Clarksburg garage, which is operated by George Davis.

Two cars are held here by the police. They may be the rightful property of the Davis boys and they

Continued on Page 5.

LOG CABIN AND GATE PROPOSED

Erection of Both at City Park is Planned as Part of Centennial Observance Here

PLANS FOR GATE PREPARED

Another Idea to That Cabin be Filled With County Heirlooms—People to Donate Brick

A centennial memorial gate to be erected at the southeast entrance to the city park is the latest thing proposed as a part of Rush county's observance of the centennial, which will be held in connection with the chautauqua.

Plans for the gate were donated by William McGuire and are on exhibition at the Hargrove and Mallin drug store. The memorial gate would be a fitting tribute to the one hundredth anniversary of the state's admission to the union, but as yet the plan lacks a definite outline although several plans have been mentioned and it is highly probable that some arrangement will be reached within a few days.

The plan for the gate as arranged by Mr. McGuire calls for two large brick pillars from which a double iron gate would swing. A gate of this kind would help the appearance of the city park and would be in the nature of a permanent improvement, it is advocated.

For the lack of a more definite plan it has been suggested that the gate be built by popular subscription by letting everyone desiring to do so contribute a brick. A uniform brick would be selected and the cost of the brick prorated so that as many as possible would have an opportunity to buy brick. If this method is followed the cost to each person giving a brick would be very small and only a limited number of persons could be accommodated.

The persons suggesting the memorial gate would of course like to see some organization erect the gate but by letting the people donate the gate the honor of helping would be distributed over a broader field. It is planned to have the gate erected and ready to open by chautauqua week. The iron gates do not necessarily have to be in place at that time.

By getting the bricks and the labor donated the cost would be small and it is believed that definite arrangements will be made soon to see that the plan is carried out.

Another feature of the chautauqua and the centennial, if present plans are followed, will be the erection of a log cabin. This will probably be done under the auspices of the D.

WIDOW GIVES SECOND SON TO ARMY WITHIN SIX WEEKS

Mrs. Myrtle Hood Today Signs Necessary Papers to Allow Roy Hood Become a Soldier.

A. H. BLACKLIDGE A RECRUIT

Mrs. Myrtle Hood, 120 East Fifth street, today signed the necessary papers to give her second boy to the United States army for service in Mexico in the last six weeks, and she has the feeling that she has done her duty toward her country. Mrs. Hood is a widow and has no other grown children.

Roy Hood, age eighteen, resigned at Kramer's meat market the day before yesterday and said he was going to join the regular army, thus following in the footsteps of his older brother, Ralph, who joined at Greensburg six weeks ago and is now at the military training barracks at Columbus, Ohio. He is in the cavalry service and expects to be sent to Fort Bliss, Texas, soon.

Roy went to Greensburg, the recruiting station for the district of Rush, Decatur and Fayette counties, and said he wanted to join the army. He was told that he had to have the consent of his parents. The papers were sent to Indianapolis and forwarded here, Mrs. Hood receiving them today and signing them readily. Mrs. Hood was widowed by an accident.

Local News

Walter Richey and family of Greensburg have moved here for permanent residence.

A number of slot machines suddenly appeared in Brookville last week, but were ordered out by the town board.

Wilbur Stevens, who has been ill for the past ten days, is able to resume his work at the Big Four station as ticket agent.

E. B. Marlatt of this city will lecture to the young men's Bible class of the Milroy M. E. church next Sunday morning.

Hedgewood Patchen, who was piloted by Curt Gosnell, former Rush county trainer, won the 2:22 pace at Monroe, Mich., yesterday.

The Milroy churches will hold union meetings on Sunday evenings this summer, beginning next Sunday evening, at the high school auditorium.

William Billings, arrested in Squire Kratzer's court on a charge of killing chickens, the property of Ben Osterling, was given his freedom this morning when the charge was dismissed for want of prosecution.

C. M. George of this city was appointed a member of the committee on semi-annual examinations at the closing session of the County School Superintendents Association of Indiana in Indianapolis yesterday.

Reed Crosby, living northwest of Milroy, who was rushed to Sexton's sanatorium here several days ago for an operation for an acute attack of appendicitis, has so far recovered that it was expected he would be removed to his home today.

L. P. Newby, of Knightstown, well known here, was elected grand captain general for three years at the 33rd triennial convocation of Knights Templars at Los Angeles, Cal., yesterday. The Indiana delegation was overjoyed at capturing this honor.

The Red Men's lodge of Connersville is boosting the centennial to be held there and delegations are visiting the surrounding lodges to arouse interest. Falmouth, Glenwood and Orange have been visited by the Connersville boosters.

Cecil Tague, formerly employed at the I. & C. general offices here and later identified with the Progressive state campaign, has opened a law office in Brookville. He was employed in James E. Watson's headquarters in Indianapolis during the primary campaign last spring.

Howard Finnegan and O. P. Wamsley went to Knightstown today where they were called on account of the death of the sister of the former. Rebecca Finnegan, who had been living in the Knightstown Home. She was nine years of age and her death came as a result of a long illness of spinal trouble. Her remains were taken to Madison, where the funeral services will be held.

WIDOW GIVES SECOND SON TO ARMY IN SIX WEEKS

cident in Milroy a few years ago when her husband was electrocuted. Allan H. Blackledge's friends were telling today that Mr. Blackledge had joined Battery B, the Purdue university battery of the Indiana National Guard. Mr. Blackledge went to Indianapolis yesterday where it is said he took the physical examination to see if he could pass. He then telephoned to Rushville that he was going to join the army and left for Lafayette.

Herman Kinnett, employed in the county surveyor's office, joined Battery A at Indianapolis last summer in order to go with the battery on a training trip to Wisconsin. He has been expecting a call to join the battery, which is a part of the State militia, but since none has been received he is of the opinion that he will not have to serve.

HOLD ANNUAL PICNIC

(By United Press.)
Frt Wayne, Ind., June 23.—The Fort Wayne lodge of Shriners held their annual picnic here today. Members of the Mystic Shrine from Bluffton, Decatur, Huntington and other neighboring cities attended the picnic.

BERANCY SEARS EXPIRES TODAY

Widow of Late George Sears Dies Following Prolonged Illness With Paralysis

FUNERAL WILL BE MONDAY

Mrs. Berancy Sears, 60 years old, died this morning at four o'clock at her home, 251 Buena Vista avenue, following a long illness from paralysis. She had been in a critical condition for some time and her death was expected. Mrs. Sears was the widow of the late George Sears and was a daughter of the late I. W. Martin.

She is survived by one daughter, Mrs. J. F. Lankford of Indianapolis, one granddaughter, and four sisters, Miss Clara Martin, Mrs. Ella Belford of Pendleton, Mrs. T. J. Reehling of Alexandria and Mrs. P. B. Neal of Chicago and two brothers, B. P. Martin of Lapel and F. P. Martin of Elkhart.

The funeral services will be conducted Monday afternoon at two o'clock at the late residence and burial will take place in East Hill cemetery.

LOG CABIN AND GATE PROPOSED

Continued from Page 1.

A. R. If the log cabin is erected the people of the county will be asked to bring in relics and heirlooms and put them in the cabin for exhibition purposes. This plan has been followed in some other places in connection with the centennial observance and has been successful.

—Whitelaw Spurrier of Princeton, Ill., is the guest of his parents, Mr. and Mrs. John A. Spurrier, for a few days. Mr. Spurrier will be joined by his wife in Indianapolis next Monday and they will go to New York for the summer, where he will take a course in Columbia University.

Amusements

At the Gem tonight King Baggot and Edna Hunter will be seen in a two act Imp drama entitled "Patterson of the News." It is said to be an interesting newspaper story. "The Cry of Erin" is a touching Rex drama featuring Francis Ford which will be the second picture. One other good picture is also on the program composing the four reel program. Tomorrow a big double program will be shown. Francis Ford, Grace Cunard, Billie Ritchie, Gene Rogers, Eddie Lyons, Lee Moran and Betty Compson will be shown in their respective productions. Monday "Madame X" in six reels featuring Dorothy Donnelly is the attraction.

The Princess will show the six act drama "Dollars and the Woman," for the program tonight: Ethel Clayton and Tom Moore are featured. The story is taken from the story by Albert Payson Terhune which was published under the title of "Dollars and Cents." Those who insist upon digging into everything until a moral is unearthed will not have to hunt far in this picture, before perceiving that the married women, who even innocently accept financial assistance from any other man than her husband, is seeing on the brink of a precipice. The picture is full of wonderful scenic effects. Tomorrow, matinee and night the two act drama "Millstones" in which Darwin Karr and Nellie Craig are featured will be shown.

With The Churches

—The regular services will be held at the Sexton Christian church next Saturday and Sunday. The Rev. G. I. Hoover will preach.

—The United Presbyterian church Sabbath school 10 o'clock, followed by sermon and the observance of the Lords Supper, conducted by the pastor the Rev. John T. Aikin; Intermediate C. U., 6:30; evening worship, 7:30. Prayer meeting Thursday evening 7:30.

Gem Theatre

The Universal presents for TODAY, KING BAGGOT and EDNA HUNTER in

"Patterson of the News"

A fine two act Imp newspaper story portraying the manner in which a reporter saved the honor of a society girl, and later did the same deed for her father. The raid on the gambling house is very exciting.

FRANCIS FORD in "The Cry of Erin"

A touching Rex drama laid in Ireland after the revolution, depicting the manner in which one of the peasants was captured by the King's soldiers and how by a ruse he escaped. Jack Holt, Daddy and Mrs. Manley are in the cast.

BILLIE RHODES in a Nestor Comedy "THE WRONG BIRD"

Decline Of Postal Card

Some one was asking the other day what had become of the old fashioned people who used to write long personal messages on the old plain postal cards. It was for many years a stock joke in the rural districts, that the delivery of mail was delayed by the time it took the postmistress to read these cards. This may have been a libel, but very intimate matters used to be discussed in the publicity of these old post cards, in a way that must have excited the curiosity of prying persons.

No doubt these old postal card letters have been mostly supplanted by the use of the picture cards or cards with mottoes, jokes, or greetings. The use of these is larger than ever before. A post office official said the other day that it takes 25,000 one cent stamps to mail the Christmas post cards of a town of 10,000 people.

Most of us can remember the maiden aunts and others who were noted for their ability to write long effusions on postal cards. Some of them prided themselves on the number of words that could be legibly written on a post card. If memory

serves aright, this would often run into the two or three hundreds. Fine pointed pens were pushed with a concise motion that is a lost art now.

The cent that the postal card saved was a part of a well planned conversation of resources, by which bank books were acquired in days of small economic things. A two cent letter was a needless waste, in which not merely the stamp but the cost of paper and envelope was a consideration.

The publicity does not affect the sale of the modern post card. The messages are so flat and routine that it is doubtful if the rural postmistress ever stops to read them. It must be a tiresome task to wade through a score of cards, only to find such heart throbs as "Here I am at Washington! How are you? Fine weather, Good-by."

Conservative business men are not fooling themselves as to the cause of present business activity. Here is a recent statement by Hayden, Stone and Company of Boston: "That huge profits are piling up is undeniable. We feel that the temporary character of many of these profits should be emphasized. We believed it a good rule to follow to examine more closely records of companies previous to the war to eschew the securities of those companies organized under these abnormal conditions. It will be the companies that were doing a good business before the war who will do a good business after the war."

10,000 GUARDSMEN ORDERED TO BORDER

First 5,000 Mobilized in Central Department and First 5,000 in Western to Go.

BAKER ISSUES THE ORDERS

Washington, June 23.—The first orders for sending to the border National Guardsmen called into the Federal service last Sunday by President Wilson went out from the War Department last night. At the same time Secretary Baker sent inquiries to the state Governors that are expected to hasten mobilization. The orders for movement to the border effect the first 5,000 guardsmen to be mustered into the service in the central department and the first 5,000 in the western department. Gen. Barry, at Chicago, and Gen. Bell at San Francisco, respective commanders of these departments, were directed to send the quotas indicated as soon as their muster is complete, selecting the first units to qualify, regardless of the branches of service to which they belong. Gen. Funston will select their destinations.

In his telegrams to the Governors Secretary Baker asked how soon the quotas asked for in the President's call would be ready. He expects a reply immediately giving the present status of mobilization in each state, about which the department now is informed only in a general way. He requested also that each Governor report again as soon as his state's units are mobilized.

No orders were sent to the Eastern or Southern departments officials indicating that the troops nearest the border had been selected as the first to go, because their transportation would require least time and expense.

The states in the Western Department are California, Utah, Nevada, Idaho, Montana, Oregon and Washington.

The Central Department is composed of Colorado, Kansas, Missouri, Nebraska, Wyoming, North and South Dakota, Minnesota, Wisconsin, Iowa, Illinois, Indiana, Michigan and Iowa.

FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse said for me, to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. BROWN, 1109 Auburn Avenue, Cleveland, Ohio.

Why not take Mrs. Brown's advice? Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

HUNDRED LEADING HOOSIERS

Washington C. DePauw.

Washington C. DePauw stood among the foremost men of Indiana. General John DePauw, his father, settled at Salem, Territory of Indiana, and became one of the founders of the commonwealth.

He was born at Salem, January 4, 1822. As a young man he saved his money and soon bought and operated flour mills and saw mills. He established banks at Salem and New Albany. DePauw was the first manufacturer of plate glass in the United States and broke the monopoly enjoyed by France, England and Belgium.

DePauw endowed Ashburg University at Greencastle with a gift of half a million and the trustees changed the name of the university to De Pauw University. He died in 1887.

ROY DAVIS TO PROVE AN ALIBI

Continued from Page 1.

may not. In case they are not the local police will hold them for any reward that may be offered. The sheriff of Decatur county insisted on taking these two cars with him yesterday but the local police would not stand for it. The sheriff of Decatur county obtained the reward of \$25 for the recovery of the Shirley car and never offered a cent to the local police, who as a matter of fact worked up the case and did all of the actual work. Policeman Price was on the case twenty-four hours steadily and was largely instrumental in locating Roy Davis and the stolen car.

The police here rather suspect that both cars, or at least one of them may be stolen property. The engine numbers of both machines have been tampered with, according to the police.

Henry Summan of near Raleigh, whose car was stolen on the night of May 17, returned from the Clarksburg neighborhood last night fully convinced that the Davis brothers or a part of the organized gang had taken his car. Summan found a farmer who recalled that along about that date George Davis drove to his farm at two o'clock one morning and placed a machine in the barn. The farmer knew Davis and did not think anything of the circumstance until the recent developments. Summan firmly believes that it was his car. He has no way of finding it and the

information will practically amount to nothing.

Chief of Police Mountain of Anderson and one Indianapolis detective accompanied Sheriff Post of Union county to Connersville yesterday with the two prisoners. They intended to question the men, but whether they learned anything new or not is not known.

PLAY AT LEWISVILLE

The Knights of Columbus and the Red Men's baseball teams combined under the name of the Rushville Reserves will journey to Lewisville Sunday where the fast Lewisville team will be played. Stoops and Doll will form the battery of the local team. All players are requested to be at the K. of C. hall Sunday morning at ten o'clock.

KINDERGARTEN LAW FOUND TO BE AVAILABLE

Supported by the demands of individual citizens, women's clubs, civic organizations and the daily press, the school authorities of San Francisco have recently recommended the establishment of 20 additional kindergartens. This means that when the estimate they have presented to the proper authorities has been formally approved, approximately 1,000 more children between four and six years old in San Francisco will receive the well-rounded training that the kindergarten gives, through its play-work, songs, games and stories.

Until recently San Francisco has not been as advanced as most large cities of the United States in providing public education for children under primary-school age, hav-

ing but 11 kindergartens publically supported. This was the more surprising because it had the most famous of the early kindergarten philanthropies; and for years no other city had so many or such generously provided benefices of this kind.

Two factors of universal interest stand out in the action of the San Francisco school board: The passage of a new form of kindergarten legislation in California three years ago, and the thorough canvas of the State, during the past two years, to arouse parents and educators to the opportunities the new law brings.

California now has one of the best kindergarten laws in the country. It says that whenever parents of 25 children of kindergarten age who live within a mile of an elementary school want a kindergarten, the way is open for them to get one simply by petitioning the local educational authorities.

It was not, however, until the law had been brought to the attention of the people through systematic effort, that any marked advantage was reaped from its favorable provisions. A number of agencies contributed to make the law effective. In 1914 a special collaborator of the United States Bureau of Education, who is also a field secretary of the National Kindergarten Association, began co-operating with parents and State and local school officials to bring about the establishment of more classes. Through her efforts, and the efforts of citizens within and without the schools, the number of girls and boys receiving kindergarten instruction throughout California has practically doubled since this extension work was begun.

WANT ADS BRING RESULTS

CAMBRIDGE CITY COMING SUNDAY

Rushville Baseball Team Will Line up Against Strong Grays at Edgewater Park

GOOD GAME IS ANTICIPATED

Much Rivalry Exists Between Two Teams as Rushville has Not Won From Them Recently

The Cambridge City Grays will be the attraction against the Rushville team Sunday at Edgewater park. The lineup of the Grays includes some players known to Rushville fans, the most prominent being Johnny Kerlin. Kerlin is holding down the third base job this season. Kerlin can also pitch if called on. It has been several years since Rushville ever won a game from Cambridge City and as a result there is considerable rivalry between the two teams. The Cambridge City Grays were recently organized although most of the players have been playing on different teams this season.

The Rushville team, composed of home players, should give the Cambridge City team a good game, and one of the largest crowds of the season should be in attendance. The home team is trying to give the fans a good class of baseball and is deserving of support. It is the intention to play only first class teams and to this end the management secured the game with Cambridge City.

There will be no change in the lineup of the locals. Hudelson, the big southpaw, will do the pitching and is confident of turning back the Grays. The Rushville team will lineup as follows: Harry Hank, center field; Hart, short stop; Sharp, right field; Tompkins, first base; Spacey, catch; Howard Hank, second base; Todd, left field; Miller, third; Hudelson, pitch and Doll, Yazel and Combs, utility.

The lineup of the Cambridge team follows: Caldwell, second base; Winters, short stop; Kerlin, third base; Conner, right field; Differderfer, left field; Hunt, first base; Cregar, center field; Hass, catch and McClelland, pitch.

The game will be called at three o'clock.

INDIANA TO BE IN FIRST DRAFT

have reported such action.

The squadron of the Tenth cavalry sent by Pershing to investigate the Carrizal battle has not returned but Pershing forwarded to Funston the report of the fight brought into camp by stragglers who participated.

TO OPPOSE INVASION

Mexico City, June 23.—Salvador and Costa Rica have notified the Mexican government that they will join Mexico in opposing invasion by the United States it was stated today.

SPECIAL JUDGE ON BENCH

Davidson Hears Motion in Winship Divorce Proceedings.

Special Judge Thomas E. Davidson of Greensburg heard the evidence on a motion to require the defendant in the Winship divorce suit to turn certain personal property over to the plaintiff. Most of the property in question was agreed to and the court ordered certain amounts delivered to the plaintiff.

Robert Kenedy, Thomas E. Medd and A. L. Stewart were appointed commissioners to make the partition in the suit of William Myers against Ida Dewester et al. The suit was to quiet title and the evidence was heard this morning.

K. of P. NOTICE

The election of officers will take place Monday night June 26.

TO OBEY ORDERS OF HIS SUPERIOR

General Trevino Says he Will Attack American Troops Moving any Way Except to Border

17 U. S. MEN HELD PRISONERS

Mexican General Quotes Scout With Detachment as Saying Americans Provoked Attack

Chihuahua City, Mexico, June 23.—The seventeen American soldiers, negro troopers of the Tenth cavalry, who were captured in the battle at Carrizal, were brought here yesterday afternoon with Lem H. Spillsbury, a Mormon scout, employed by Gen. J. J. Pershing, and were interned.

Spillsbury said that Capt. Charles T. Boyd commanded the Americans and, with Lieut. Henry R. Adair, was among the killed. A Capt. Moore, who was with the American detachment, was wounded in the shoulder, but escaped.

In announcing this afternoon a story of the battle which he said Spillsbury told him, Gen. Jacinto Trevino, commander of the military district of the northwest, announced that any time and at any place the American troops move other than toward the border, he will comply to the letter, with his superior's orders and will attack them as Gen. Felix Gomez did at Carrizal.

Gen. Trevino said that all diplomatic arrangements are outside of his sphere.

Spillsbury's story, as announced by Gen. Trevino, was to the effect that seventy-six negroes, comprising Troop H. of the Tenth, Capt. Boyd and Moore, Lieut. Adair and himself composed the American detachment that encountered the Mexicans.

He said that he saw on the field the bodies of Boyd and Adair and at least eleven of the negroes.

"After we had waited some time, Lieut. Col. Rivas came out and warned Capt. Boyd that he would better turn back," said Spillsbury. "Capt. Boyd then explained that he was in pursuit of some bandits which he had heard had looted Santo Domingo, and also was bound to catch a negro deserter, who, he had heard was in Villa Ahumada.

"In reply to this Lieut. Rivas notified the American that if he attempted to advance he would have to pass over the dead bodies of the Mexicans. He advised Boyd that he had better not argue the matter.

"Rivas returned to the village to report to his superior officer, Gen. Gomez, who sent out a note inviting the Americans to enter Carrizal for a conference. Capt. Boyd declined this invitation.

"On this ground Gomez went out in person and insistently urged the Americans to retire, pointing out that his orders from his superiors necessitated his acting on them without further parley. Gen. Gomez repeated these words as he walked away. Boyd merely answered 'all right.'"

Gen. Trevino's announcement then goes on to quote Spillsbury as saying that after Gen. Gomez had retired to his troops, who were outlined outside the town, Capt. Boyd ordered his men to advance, whereupon Spillsbury expostulated with him, arguing that a fight was sure to follow. Spillsbury is reported as saying that Capt. Boyd "obstinately seemed to think that the Mexican general was only bluffing" and the firing quickly began.

He is quoted further: "Capt. Moore and Lieut. Adair fell wounded, the latter mortally. Capt. Moore was wounded in the shoulder and immediately the negroes became demoralized. At the same time the men holding the horses fled with the mounts, leaving behind seventeen negroes and myself. We were forced to surrender.

"I saw the bodies of Boyd and Adair and at least eleven negroes on the field of battle."

Mexican authorities asserted today that the prisoners had been well treated en route to Chihuahua.

"The Home for Savings"

—“and here's your
Aetna check”

Mighty nice of the folk to bring flowers and fruit. But of all the gifts, nothing is so comforting as this Aetna check for \$250 every four weeks.

I've had some sleep of it here—over two months since the boiler explosion in the factory. Doubt if I'd have pulled through if my mind hadn't been at ease about my family. Knew, too, that if I did pass out, they'd be taken care of with the \$15,000 they'd get, in indemnity and increases, from my AETNA DISABILITY POLICY.

As it is, even when I get home, every four weeks \$200 will be coming to me while I'm in bed and then \$25 a week until I'm able to tackle the job again.

Often takes an experience like this to make a man want to

AETNA-IZE

It's a wonder a husky fellow like myself had the forethought. But you never can tell when sickness or accident will grab you—and I wanted to do the right thing by Sue and the kids. Besides, it costs so little. Write, call or phone today.

Affairs In The Social World

Edited by Miss Frances Frazee
Phone 1111

Six candidates will be given the Master Mason degree at the Masonic lodge rooms next Tuesday afternoon beginning at two o'clock. A banquet will be served at 6:30 o'clock. Because this is the first banquet of Phoenix lodge No. 62, for some time it is expected that the attendance will be large.

Plans for the Kappa Alpha Phi convention, which is to be held in Bloomington the latter part of August, have been received by the local chapter. A special train will be chartered and the entire crowd of visitors will be taken to French Lick for the principal features of the convention.

HOUSEPARTY

Marjorie Beale, daughter of Mr. and Mrs. John G. Beale, north of the city, is giving a houseparty for several of her little friends at the pretty country home of her parents. Her guests, who are remaining with her for several days, are Kathryn Watson, Kathryn Blount, and Frances Payne.

STEAK ROAST

A merry crowd of young people picnicked in a woods east of Rushville last evening. Part of the afternoon was spent in roasting the steak which was one of the most tempting numbers on the menu. In the party which gathered about the bonfire to enjoy the picnic supper were the Misses Ramona Ewbank, Gladys Bebout, Kathleen Hogsett, and Marian Sparks, and Lucien Anderson, Chester Perin, Dwight Vandol and Frank Griffin.

HOUSEPARTY GUESTS

Miss Margaret Mason returned to her home in Columbia City today after a short visit with Miss Fannie Stiers of this city. Miss Mason returned with Miss Stiers from Indianapolis several days ago where they were guests at a houseparty given by Miss Fay Borchers for eight of her Oxford College friends. One of the principal festivities of the houseparty was a pretty morning "500" party.

GRAND CLUB

Pink garden roses were the decorations used yesterday afternoon when Mrs. Guy Abercrombie entertained the members of the Grand Club, with Mrs. Fred Barrett of Indianapolis as the honor guest. After several interesting rounds of

Bridge, the ladies repaired to the dining room where pink roses decorated the table and where delicious refreshments were served.

HOUSE-GUESTS

Miss Mary Amos has as house-guests for several days Mrs. Roy Milligan and Mrs. Leonard Roberts of Indianapolis. This afternoon they were among the guests of Miss Bertha Helm, when she entertained the Embroidery Club. Tonight, Miss Estelle Jones is giving a theatre party in their honor. Mr. Roberts and Mr. Milligan will arrive tomorrow to spend the week-end with their wives as the guests of Miss Amos.

C. W. B. M.

At the social given Wednesday evening by the members of the Little Flatrock C. W. B. M. for their families and the members of the congregation of the church, the home of Mr. and Mrs. Charles Fisher of south of the city was thrown open to about 125 persons. The lawn fete which had been planned, was changed to an indoor affair and the same decoration used. Refreshments were served throughout the evening, during which a varied program of music and readings was given.

DANCE TONIGHT

More than 400 delegates and visitors had registered on the second day of the national convention of Phi Delta Kappa which is being held in Lafayette. The crowning feature of the convention will be the formal dance, to be given this evening. Yesterday afternoon 300 couples attended the matinee dance at Tecumseh Trail and the annual banquet was held last evening at the Fowler Hotel. During the banquet, the visiting girls in Lafayette for the convention, were entertained at the college fraternity houses. Those from this city who are attending some or all of the functions are Walter Gartin, Charles Sherman, Harold Pearce, Dale Fisher and Robert Vredenburg, the two first named being delegates.

CROSS COUNTRY CLUB

Ten members of the Cross Country Club were the guests of Mrs. Chase Cross at her country home west of the city yesterday afternoon. With their usual amiability, the club members chatted during the afternoon hours. The hostess served a refreshing luncheon.

WITH MRS. SHERMAN

The members of the Modern Art Club, who were present at the meeting held with Mrs. Ed Spradling yesterday, enjoyed a sociable afternoon together. The hostess had chosen white lilies for decorating the rooms where the guests spent the afternoon together and later enjoyed the tempting refecton served.

EMANON CLUB

Summer flowers adorned the rooms of the home of Mrs. John B. Morris when she entertained the members of the Emanon Club at her home yesterday afternoon. Only the club members were present and a very pleasant afternoon was spent. When invited into the dining room, the guests were seated at the table in the center of which was a large and bright bouquet of crimson ramblers. In this pleasant setting, a delicious course luncheon was served. The next club meeting is to be with Mrs. Bert Mullin.

LAWN PARTY

Both the lawn and home of Miss Hazel Smalley were decorated rather elaborately last evening, when Miss Smalley, assisted by Miss Mary Louise Miller and Miss Lillian Coyne entertained a number of their young friends, including a crowd of Connersville young people. With settees, rustic benches and Japanese lanterns, the lawn was a very inviting place. Too, the home was thrown open and the rooms were beautiful, carrying out a color scheme of pink and white, with strands of crepe and with pink roses arranged in French baskets on which huge bows of ribbon were tied. With these surroundings the program of informal games and various diversions was especially pleasant. A delicious collation was served on the lawn to the guests, who were the Misses Gertrude Wilkinson, Hazel Stoops, Leota Mull, Hermoine Hughes, Helen Dugan, Margaret Gallimore, Ruth Champion, Maurilla Roth, and Clara McNamara, and Ed Meredith, and Frank Kelly of this city. From Connersville, the guests were Arthur Dowdy, Clarence Smith, Albert Martindale, Eugene Flannigan, Paul Miller, Ed Wilson, Herbert Martindale, Orval Haskell, Clifford Haywood, Frank King and Russell Jeffrey.

WITH MRS. MILLER

Another pretty party in the series which Mrs. B. F. Miller has given was the one this afternoon when the members of the C. W. B. M. of the Christian church were the guests. The affair was in honor of Mrs. Roy Waggener, inasmuch as she is the retiring president of the organization and has been for several years, and of Mrs. Will Rogers of Cincinnati, who is the guest of Mrs. Miller. Lovely garden roses aided in giving the home a festive appearance for the guests who spent a delightful time together. Mrs. Carl Baker sang

several beautiful solos. Later in the afternoon, delicious refreshments were served to the guests.

PLANS FOR CARNIVAL

Discussion of plans for the carnival to be given by the Catholic church of this city the week of the 25th of July, occupied the principal part of the meeting yesterday afternoon of the Ladies Aid Society held with Mrs. Katherine Jones of West First street. Mrs. Kate Horr assisted the hostess in entertaining. Judging from the arrangements being made, the carnival is to be more elaborate than ever before. The ladies also completed the knotting of a comfort, which they had started some time ago.

Miss Jean McClanahan, who has been attending Randolph-Mason college at Lynchburg, Virginia, until the 6th of this month is in the East, the guest of Miss Madeline Lord of Seaford, Delaware, who visited here last year. In the past few weeks they have made machine trips to Washington, Philadelphia, Baltimore, and are now in Atlantic City. Miss McClanahan is expected home next Thursday.

BIRTHDAY CELEBRATION.

Sixty members of the family of Mrs. Levi Retherford gathered at the home of Jess Retherford north of the city, which was formerly the home of Mrs. Retherford, to aid her in celebrating her 77th birthday Thursday. The elaborate plans carried out and the large crowd assembled, was significant of their esteem for the guest of honor. It was also the birthday of Mrs. Clarence Floyd, who makes her home on the farm, so two birthday cakes, lit with the proper number of candles, were on the table set out on the lawn.

Preceding the serving of the bountiful pitch-in-dinner, the invocation was given by Levi Retherford and a short history of the life of Mrs. Retherford was read by her eldest son, Ed Retherford of Carthage. The guests seated at the birthday table in the yard where the two guests of honor were seated were Mr. and Mrs. Levi Retherford, Mr. and Mrs. Clarence Floyd, Mr. and Mrs. John Retherford of Connersville, Mrs. Anna E. Wood of Muncie, Mrs. Mary Powell, Mrs. Eli Dill and Mrs. Thomas Morris of Carthage. The remaining guests were served in buffet style in the dining room and seated in a large circle in the yard surrounding the table at which the guests of honor sat. Pictures of the happy reunion were taken at the completion of the elaborate meal.

NEW YORK FASHION NOTES

BY MARGARET MASON.

(Written for United Press.)

Her pretty puffy petticoat First seems to make Priscilla float, But in a crowd such breadth to tote Now seems to make her "soar" you'll note.

New York, June 23.—Petticoats are now making up with a vengeance for any past discrepancies. The poor, scant, transparent things that last season passed for such would not serve as one ruffle on the fluffy, ruffly hooped, puffed, flounced, ruffled and scoloped creations that now hide their lightness not under a bushel but under a barrel skirt. Taffeta for its crispness makes most acceptable pettis and when adequately corded and of sufficient fullness needs no wiring to give it that desired hoopy effect.

Two lovely ones that seem just to have been plucked blooming in the garden are a pink one which is a mass of petal shaped scollops, tier on tier, like an inverted rose; and one in yellow points like a daffodil. All shades of lavender, violet, purple mauve and orchid, corded within an inch of their life and their entire surface, are edged in silken fringe, pinked ruchings or picot edged frills and quillings.

Indeed you can just turn your fancies loose on your petticoat and let them run riot, provided they run around.

Petticoats of net and ribbon are most entrancing. Some are of multitudinous net ruffles run through at their headings with narrow picot ribbons of pale blue, orchid, pink and maize, while others are made of puffings of net run on fine wire alternating with wide bands of gorgeously embroidered ribbons.

Some petticoats show an Evelike penchant for first fruits and boast a lavish display of tiny silken apples tucked hither and yon in a smother of frills. A bright purple petticoat is particularly delectable with clusters of bobbing silken cherries growing in a Burbankish manner near the limbs of a peach.

Chaste white petticoats as frothy with lace as a foaming stein gleam with the sheen of wash satin between their laciness and blossom occasionally with a tiny ribbon or beaded rose or French garland.

Frivolous truly are the petticoats made of narrow ribbons sewed together lengthwise over the hips and then allowed to fall in a loose fringe effect over a wide flounce of chiffon and lace.

Even the petticoat hasn't escaped the mad passion for handpainted adornment and many of the chiffon and delicate tinted taffeta ones for evening wear bloom in water color flora. All of the petticoats aren't as black as they are painted but the really black ones are as ebonesque as a black net, chiffon, lace and jet

beads can fashion them.

Some of the newest petticoats are held in such suspense that they are perilously near to pants. For like pants they are hung from fair shoulders by honest to goodness regular suspenders. The suspenders, except that they are made of the same silk as the petticoat proper, (or improper it depends how you look at it), are replicas of those worn by our petticoatless peers.

Truly with divers pettis clinging pant like to suspenders, while others are puffy as can be, it's no wonder the most of them take our breath away.

ARRANGES OUTING FOR THE CHILDREN

Salvation Army Will Entertain With All Day-Outing South of City Next Tuesday

MOTHERS TO BE GUESTS ALSO

The annual outing of the Salvation Army for the poor children and their mothers will be given next Tuesday in the John Boyd grove, south of the city. All mothers and children desiring to take part in the outing are requested to be at the Salvation Army headquarters at 7:30 o'clock as the automobiles will leave promptly at eight o'clock.

A short entertainment will be given by the children at the corner of Main and Second streets on the way to the picnic. The entertainment will consist of drills and songs. Arrangements for the dinner have all been made and the mothers will not have to prepare anything. The people of the city are invited to participate and help in the entertainment.

WILL USE STADIUM
Cambridge, Mass., June 22.—Harvard's commencement exercises, hitherto held in Sanders Theatre, will be transferred to the stadium in the future. President Lowell will give the degrees there today. For some time the theatre had been taxed to the limit by Harvard's graduating class and its guests, and many have been excluded from the ceremonies.

TO LET CONTRACT.
(By United Press.)
Washington, Ind., June 23.—Citizens of this city are much interested in the letting of a contract today at Washington, D. C., for a new \$50,000 postoffice to be built here soon.

The Mauzy Co.

GODDRICH CO. TO CO-OPERATE

Manufacturers Send Out Notices
Making Special Provisions For
Those Called to Colors.

CARRY SHARE OF BURDEN

Announcement Applies to All Employees of Company Enrolled in State Militia June 19.

In common with many other large concerns, as well as smaller ones, the B. F. Goodrich Company has sent out notices to its employees making special provisions in regard to wage for those who belong to the state militia and have been called for the colors. The announcement follows: In order, insofar as possible, to relieve from financial worry those of our employees who are subject to military duty and also as an expression of desire on the part of this Company to make substantial recognition of this opportunity to co-operate with its employees in carrying out its share of the common duty of all to answer the national call for military assistance the policy of this Company will be as follows:

This announcement applies to all employees of this Company formally enrolled as members in good standing in any State Military or Naval Organization at midnight Monday, June 19th, 1916, and who are accepted by the proper military officers for active service in the present Mexican crisis:

In case of orders being issued by the military authorities requiring the services of employees mentioned above for actual military duty, necessitating absence from the regular

duties of this Company, compensation will be awarded as follows:

After allowance being made for payment for service by the government, or state, or from any other source, the direct result of military service, this Company will pay as military compensation the difference between such sources of income and the following:

To all married and single men contributing regularly to the support of actual dependents, two thirds (2/3) of their average salary or wage based on their previous average salary or wage earned during the three months preceding their absence.

To all single or married men not contributing regularly to the support of actual dependents one-half (1/2) of their average salary or wage. Thus an employee with dependents whose average wage for three months has been \$100 per month and who receives \$15.00 per month from the government will be granted military compensation from this Company of \$51.66 per month.

Payment of military compensation will be paid direct to the dependents designated, or upon the request of men without dependents, will be held in trust by the Company until the return of the employee.

The period of absence on military duty will not be considered a breach in continuity of service as affecting our Life Insurance or Pension regulations, but such time of absence will be included in the Company service record of each employee the same as if he had not engaged in military service. During such absence of an employee, the Life Insurance issued to him by this Company will remain in full force and effect.

Discrimination will not be made in any manner against any employee upon his return from military service, and as far as possible arrangements will be made for each man to return to his former position.

The above conditions will apply to employees whose extent of absence is one year or less, continually in state military or naval service, but privilege of the Company is recognized to make such modifications, extensions or abrogations of these

conditions at any future time as may appear advisable.

THE B. F. GODDRICH COMPANY.
By Order of Executive Committee.

John Gordon and family, George Billings and family and Mrs. Mary Nixon and son Lather spent Sunday with Mr. and Mrs. E. A. Billings.

Miss Lulu Sellers of Palmyra, Kentucky, is visiting Miss Ida Foley for a few days.

David Kirkpatrick and family and Mr. and Mrs. Will L. Hall took dinner with Mr. and Mrs. Will McMillin Sunday.

Claude Fletcher and family spent Sunday with Mr. and Mrs. Lase Johnson. Frank Logan and family were also guests in the evening.

Mrs. Martha Grindle of Rushville visited H. S. Bell and family Monday.

Mr. and Mrs. Tom Logan spent Sunday with Ross Logan and family.

Miss Mary Custer spent Sunday with Mr. and Mrs. E. A. Billings.

Corline Abernathy visited Mr. and Mrs. Wilber Gordon Sunday.

John Hilligoss and family, Mr. Shuttle and family of Anderson and Miss Laura Hilligoss of Rushville visited John Logan and family Sunday.

Jesse Peters and family and Mr. and Mrs. Will Meyer and son Walter visited Mr. and Mrs. Lloyd Nelson and son Kenneth of Milroy Sunday.

Mr. and Mrs. George Meyer and son Ed, Sunday visited Mrs. Jane Gung of Muncie, who is in very poor health.

Joseph M. Bell purchased a new touring car last week.

Miss Margorie Hunt and Beatrice Ansten visited Miss Opal Kiser last Thursday.

Mr. and Mrs. John Logan and Mr. and Mrs. Ross Logan and son William visited Rue Miller and family Wednesday.

Mrs. Eva Cochran of Elwood is visiting Mr. and Mrs. Will McMillin for a few days.

Miss Belva Hittle has been visiting Mrs. Myrt Foster for several days.

Summer.

D. E. Barnard has bought an automobile.

Bert Fair and family were visiting at Oliver Swain's Thursday.

Samuel Moore attended the Cincinnati Camp-meeting at the Mount of Blessings from Wednesday until over Sunday.

Rural Swain of Indianapolis visited relatives here over Sunday.

Ertle Rigsbee belongs to the band at Ft. Benjamin Harrison and was called there a few days ago.

The Misses Frieda Macy and Mary Northam visited Mrs. Myrtle Theobald a few days last week.

Miss Iavohn and Hester Foulke, of Sheridan, are visiting their grand parents, the Rev. and Mrs. Jacob Hester.

The older members of the M. E. church at Arlington gave a reception for the young converts, Saturday night. A large audience assembled in the auditorium, which was beautifully decorated in the Epworth League colors of red and white.

THE EARLY BIRD GETS THE WORM, FAIR AND SQUARE GETS THE BUSINESS!

FAIR AND SQUARE

The early bird gets the worm and the early fish gets the hook. Our Fair and Squareness has been repaid by a volume of business that makes it possible for us to maintain less-than-you expect prices for standard groceries.

Fred Cochran

PHONE 1148

Each convert wore a bow of ribbon of red and white.

The program consisted of special music and interesting talks. Miss Nellie Woods gave a piano solo, and Lowell Beach, Everett Johnson and Miss Minnie Tribbey each sang a solo, besides music by a quartet. Fred McFartridge gave the address of welcome to the converts and W. Hurst, Fred Woods, and Dale Gordon, three of the converts gave responses. Their talks were very effective, as they told how happy they were since God had changed their lives. Mrs. Emma Woods and Miss Mary Metsker, each gave a reading. The Rev. C. E. Bacon gave the closing address and gave the converts some good instructions how to grow in grace, by testimony, reading the Bible and prayer. Refreshments of ice cream, cake and coffee were served in the basement.

NEBRASKA HAS
BIG WHEAT CROP

Work of Harvesting 74 Million Bushels Has Started—Considered Bumper Crop.

FLY DID ONLY SMALL DAMAGE

(By United Press.)

Lincoln, Neb., June 23.—Nebraska's great annual wheat crop harvest has begun. The largest wheat crop in the state's history is being gathered—such a crop as the state did not even dream of ten years ago.

Between 71,000,000 and 74,000,000 bushels of winter wheat is the estimate of the state's labor bureau, which also estimated that 7,000 extra farm hands were needed for the harvest.

Besides this, some spring wheat is raised in the northern section of the state, but this amount is relatively small and its harvest will begin in two or three weeks.

The Hessian fly did some damage this year as usual, but the pest was only in certain sections and there only in small spots. Less damage by the Hessian fly was done this year than last.

Hail also did slight damage, some fields being completely devastated, but this loss, too, was relatively small.

The wheat crop of Nebraska this year, it is estimated, will exceed that of last year by about 10,000,000 bushels.

"HOUSEWORK IS
EASIER NOW"

Mrs. Linnie Belcher Feels Like a New Woman Since Taking Tanlac

Muncie, Ind. June 22.—"I have tried many medicines during the last fifteen years, but Tanlac is the first one that has given me relief from my troubles," Mrs. Linnie Belcher, a well known resident of this city, who lives at 214 West Seventh street, said here recently.

"Since taking Tanlac the food I eat is digesting better than for years. The spells of dizziness are a thing of the past. I certainly feel like a new woman and I can do my work better and a lot easier."

"I had stomach trouble," Mrs. Belcher continued. "I also was very nervous. I suffered frequently from attacks of dizziness. My stomach usually was in a gaseous condition and my appetite was poor."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite, poor circulation, general depression and is a general tonic for weak people. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Son's, and in Milroy at Barton and Sheppard's. —(Adv.)

Drive It Into the Barn

AS we told you, a Low Cloverleaf gives the manure a double beating. It also spreads manure eight feet wide or better. But the wonderful thing is that it does this from a box only 45 inches wide. The spreader itself is so narrow that it can be driven into any modern barn and loaded from the gutters. Only one handling of the manure for the quickest, best job of spreading you ever did. How does that sound to you?

If you have even begun to think about buying a spreader, see this Low Cloverleaf. You will say you never saw a better manure spreader. It won't take long to look it over. Your dealer has one set up for you to see.

Our Advice is—Buy Shoes Now

The great war is causing a tremendous rise in leather and shoes, and is forcing prices SKY HIGH

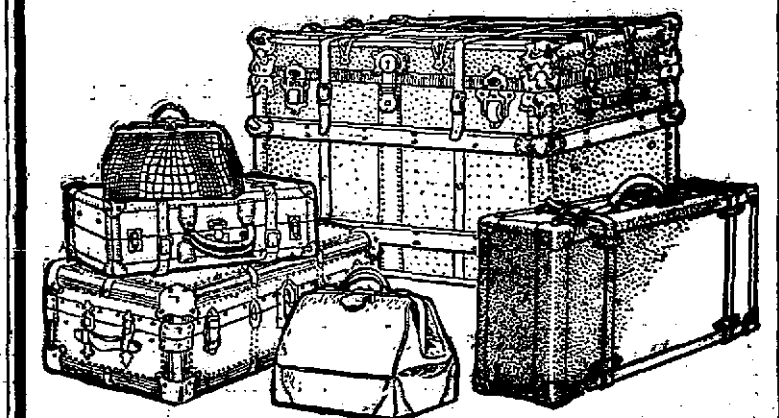

The millions of soldiers in Europe are using up so many shoes that the shortage of leather is becoming a serious problem, and the burden must be borne by the citizen consumer. In America this condition is hitting us hard.

We strongly advise you not to delay your purchase, not only for yourself, but for the whole family. We do not know what the future prices will be, but whatever they are, neither the retailer nor the consumer can help himself.

AVOID MISTAKES

No Need to Experiment With Rushville Evidence at Hand.

There are many well-advertised kidney remedies on the market today, but none so well-recommended—none so Rushville recommended as Doan's Kidney Pills.

Read this Rushville case. Frank McFarland, 830 West 10th street, Rushville, says: "Last winter my kidneys began to get weak and in a short time I was so bad that I could hardly be about. My back was in terrible shape. It ached so, especially at night that I could hardly sleep and in the morning, it was stiff. If I bent over, I could hardly straighten up again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success that I thought I would try them, so I got a box at Johnson's Drug Store. They helped me and I kept on using them until cured."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. McFarland. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

PRINCIPLE IS ADMITTED SOUND

Democrats Deny Economic Soundness of Protective Tariff But Uphold Peddler's License.

IDEA APPLIED NATIONALLY

Protection of Nation Against Foreign Competition Is Same as Protection of Small Community.

(By United Press.)
Washington, June 23.—The Republican Publicity Association, through its president, Jonathan Bourne, Jr., today gave out the following statement at its Washington Headquarters:

"Although Democrats deny the economic soundness of the protective tariff, they admit the soundness of the principle as applied in various other ways. They uphold the itinerant peddler's license which is nothing more nor less than a local protective tariff. With equal unanimity they urge the importance of keeping money at home for the development of home industries.

"This acknowledgement of the desirability of the local application of a principle which Republicans advocate in national affairs is impressed upon the mind by the recent assertion by the Portland, Oregon, Journal, a staunch Democratic newspaper, that during the ordinary course of business in Portland approximately \$130,000,000 changes hands each month. When one realizes that the most of this huge wealth is hunked back into trade as fast as it is harvested, the mind reels with the magnitude of local business."

"Exactly the same thing may be said of every community in the United States; and it might well be wished that every newspaper, particularly every Democratic newspaper, would emphasize the fact. Portland has a population of 260,000, so that, in the view of the Journal, the business transacted in that city amounts to \$500 per month for every man, woman, and child. Such a large amount of business per capita is due entirely to the fact, as stated, that 'huge wealth is hunked back into trade as fast as it is harvested.' And right there, also, lies the real explanation for the prosperity that follows a protective tariff, and the depression that follows free trade.

"In a period of ten months following the enactment of the Democratic tariff law, and before the war, we increased our purchases abroad and decreased our sales abroad to such an extent that the balance of trade in our favor was reduced \$260,000,000. That was a large sum in itself, but we cannot consider merely the \$260,000,000. When we sent that amount of money across the Atlantic and Pacific to buy goods in Europe and Asia, we gave those continents 'huge wealth which was hunked back into trade as fast as it was harvested,' but it wasn't hunked into American trade.

"We sent that huge wealth out of America and reduced to a corresponding degree the amount that could be 'hunked back into trade' in this country. Instead of keeping our dollars at home, to pass and re-pass from hand to hand many times each month, as the Democratic Journal has so described, we sent the money to England and Germany and Japan and China, where it made prosperity for the people of those nations.

"When the residents of the Pacific Northwest sent money to China to buy eggs, as they did buy them by the hundreds of thousands of dozens when the Democrats removed the protective duty, the money was sent to the slant-eyed sons of Confucius to be by them hunked into the local trade of a nation where cheap living and low wages are the chief characteristics. And the Portland Journal, as a true Democratic newspaper, approved the law which permitted and encouraged this to be done.

"The same may be truthfully said of every Democratic newspaper and every Democratic orator who upheld the Democratic tariff law. They talk of the huge wealth that is harvested and 'hunked back into trade' in their several communities, yet they help to lessen that wealth and divert the trade to foreign countries, and then boast of their achievement."

CAMP BROKEN BY SOCIETY GIRLS

Thirty Young Women Return Home After Three Weeks of Soldiering at Pompton Lake.

KNOWN AS EMERGENCY SERVICE

Purpose Was to Lead Girls Who Have Had Opportunities in Life to Know Responsibilities.

(By United Press.)
Pompton Lake, N. J., June 23.—Thirty young women of New York society started home from here today after three weeks learning the ins and outs of soldiering so that in time of need they may be a help to their country. They were under the command of Miss Cadance Hewitt, daughter of Mr. and Mrs. Edward R. Hewitt and were instructed by directors supervised by General E. Z. Steever, U. S. A., retired.

The Emergency Service Corps is the official title of Captain Hewitt's girls, and in their three weeks' camp they covered a course of intensive instruction, embracing everything from messenger service to cooking and from peeling potatoes to bareback riding.

Miss Hewitt and her sister, Miss Lucy Hewitt, were the organizers of the camp. They took their idea before a committee of prominent men and women and after careful study the training course was worked out. The committee includes Miss Anne Morgan, Mrs. Edward R. Hewitt, Mrs. Everit Macy, Miss Elizabeth Lowndes, of Rosemary Hall; Miss Spence, Henry L. Stimson, General Charles Roe, U. S. A., retired; Lieutenant Colonel William F. Schuller, Surgeon General, N. G. N. J., and Harry B. Sedwick.

The purpose of the corps are to lead girls who have had opportunities in life to recognize their responsibilities.

The course including making camp, cooking, riding, swimming, first aid and sanitation lectures will be given in military law so that the girls may realize fully in what relation they will stand to their own and to enemy troops in time of war.

Miss Hewitt laid down a list of equipment with which each young woman must provide herself. This included two pairs of waterproof shoes, three pairs of thick stockings, one pair of woolen socks, one pair of sneakers, three changes of underclothing, one set of waist garters, one pair of leather puttees, three olive drab shirts, one campaign hat, one pair of service gaunties, one belt, two red ties, one uniform coat, two pairs of uniform breeches, one slicker, two pairs of pajamas, one sweater coat and one bathing suit. Skirts are taboo.

The girls learned how to wig-wag with the general service code and semaphore code, and the mysteries of lightning beacon fires and making signal smokes—which last is no mean art in itself.

Among the girl rookies were the Misses Mildred Sawyer, Rozanna Bowen, Margaret Lindabury, Mildred Rives, Abby Morrison, Miss Martha S. Gay, Miss Helen Seton, Miss Alice Thorne, Miss Helen W. Green, Miss Agnes Fowler, Miss E. Rita Norrie, Miss Elizabeth Mosie and Miss Elizabeth Harrison.

mitted and encouraged this to be done.

"The same may be truthfully said of every Democratic newspaper and every Democratic orator who upheld the Democratic tariff law. They talk of the huge wealth that is harvested and 'hunked back into trade' in their several communities, yet they help to lessen that wealth and divert the trade to foreign countries, and then boast of their achievement."

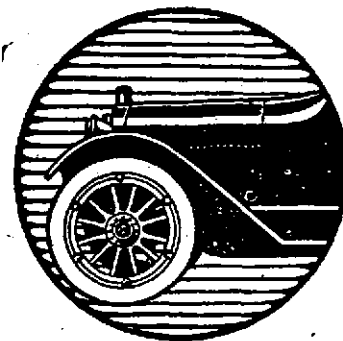

"What does the American voter propose to do about it?"

Try a WANT AD

Power—The Maxwell Automobile Has It In Abundance

When you buy an automobile, you want to be sure that it has the power for emergencies.

You want a car that will carry you through mud, sand, snow and every condition of road—and do it easily.

You want a car that will climb hills as if it weren't afraid of them.

You want a car that will get away quickly without laboring and straining in every part.

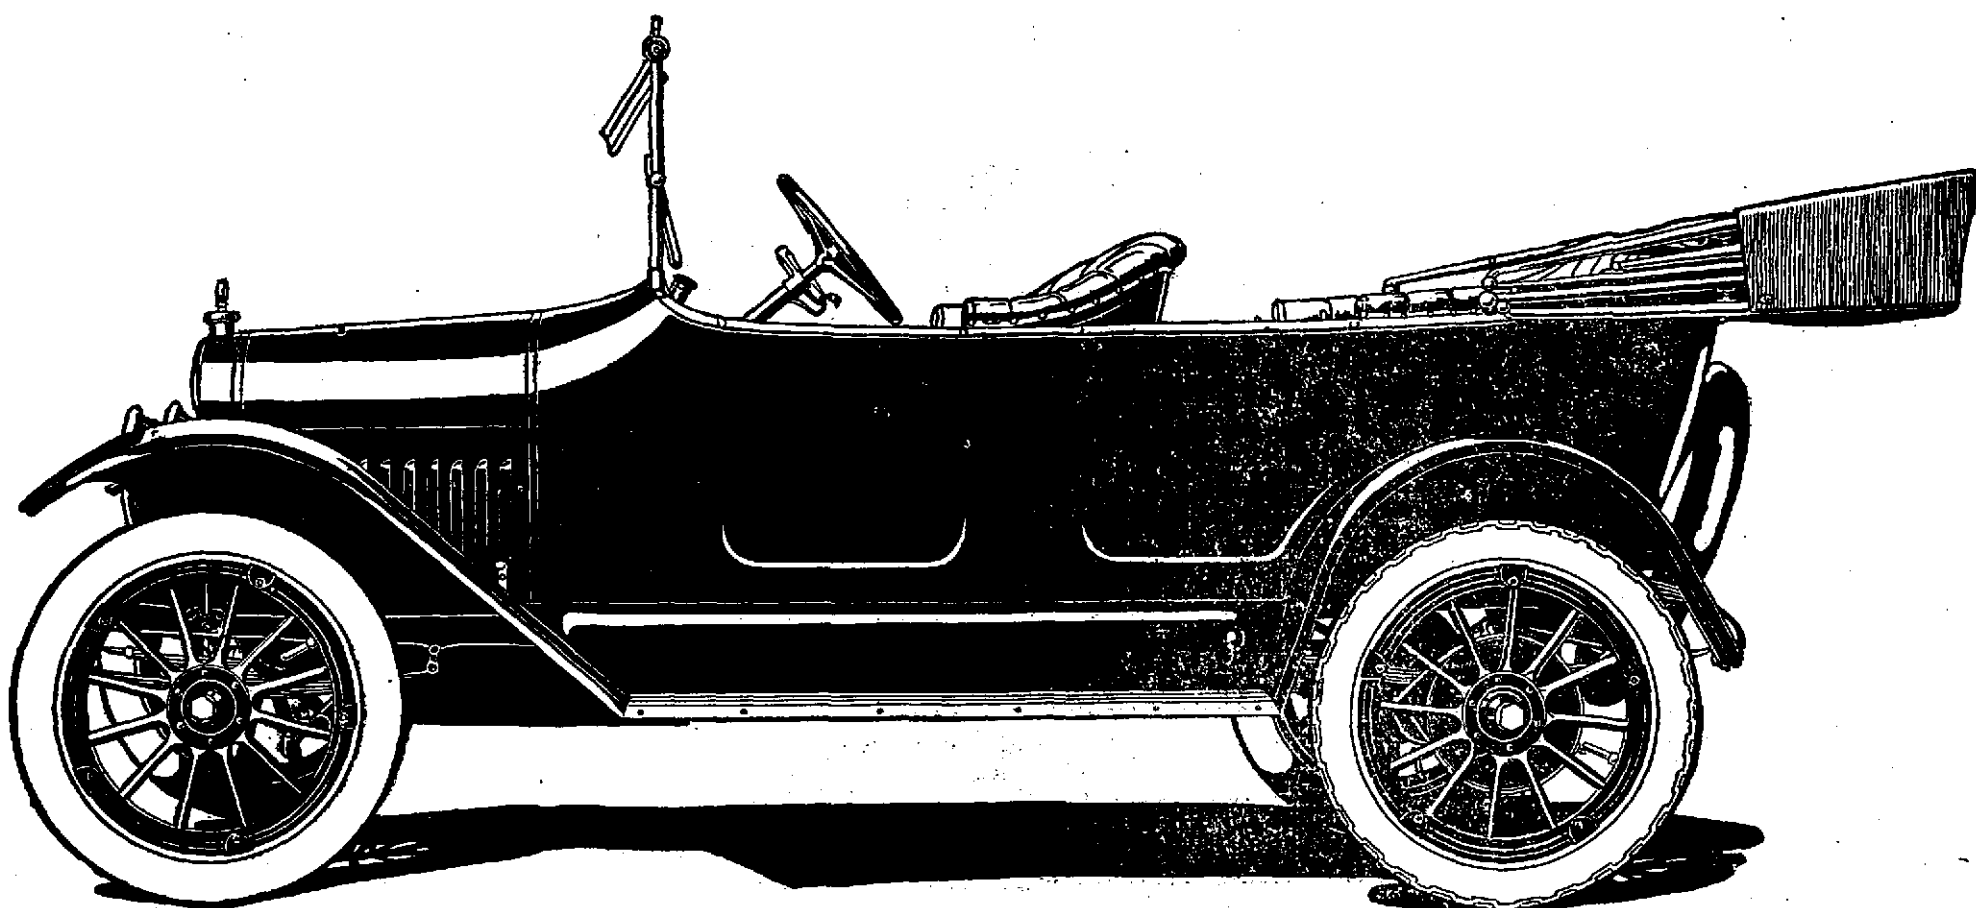

The Maxwell has the power for the unforeseen emergency that may arise.

Not all cars have the power, but here is the proof that the Maxwell has it.

When the Maxwell stock touring car set the world's non-stop mileage record a few months ago, it encountered all sorts of unfavorable conditions—rain, mud and hills—over country and city roads—yet it covered 500 miles a day, and did it day after day without laboring, without trouble, for more than six weeks.

Power—plenty of power—unfailing power—is absolutely essential to such a wonderful performance as this.

A word of warning—it is not wise to wait too long. The demand for Maxwells is growing so that in a very short time the factory output, tremendous as it is now, will not be able to meet the demand. If you wait too long, you might be forced to content yourself with some other make of car which, first and last, will cost you much more than the Maxwell.

Opportunity for a Maxwell Dealer is open in this vicinity. Our proposition has unusually attractive and interesting points.
Communicate with Maxwell Motor Company, Inc., Detroit, Mich.
